Adaptive and user-pleasing [medium] Overused AI term catalogued from the 'claude' census sweep (source count 9).
ADAS Liability Topics [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Add "last updated" dates visibly [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Add 10–12g more protein for stable energy [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Add a 5–7 step script with a verify step [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Add a dated entry to CHANGELOG.md [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Add a Definition of Done [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Add a one-sentence ; verify every number [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Add additional versions for more learners [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Add any breaking developments since initial draft [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Add APA Citations [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Add Citations to Article [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Add Clear References to Urgency [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Add Depth to Characters [medium] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 1).
Add expert quotes and credentials [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Add FAQ schema for question-answer content [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Add Footnotes from Bibliography [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Add graphics from multiple places [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
add insult to injury [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Add ItemList schema [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Add menus or service details [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Add more specific examples [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Add or clarify a specific rule [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Add References with Links [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Add Reflection Lines to 120-Day Manuscript [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Add SEO-Friendly FAQ [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Add social proof [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Add specific details about your product [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Add specific details and current references [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Add the MCP server to Claude Desktop or Cursor [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Add to calendar [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Add to Claude Projects [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Add to Collection Build shareable stack [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 2).
Add website pages [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Adding interactive Story stickers [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Adding internal links where possible [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).

Adding photos to text posts [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Additional bedrooms and baths [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Additional GEO Metrics [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Additional Google services [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Additional info required [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Additional SEO prompts [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Address availability, location and booking concerns [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Address common objections [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Address likely objections [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Address potential technical issues [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Addressing motivation challenges [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Adds latency vs. direct provider calls [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Adds OOC and compliance notes, premium tier [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Adjacent fields: AI in media beyond news [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Adjust Content and Strategies [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Adjust content plan for next month [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Adjust posting times or hashtags if reach is flat [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
adjust your strategy accordingly [medium] Formulaic empty advice-closer typical of AI how-to content.
Administrative and Operational Tasks [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).

Arts & Culture [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Arts and Entertainment [medium] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
As a busy mom [medium] Fabricated-persona opener in AI content-farm posts.
As mentioned above [medium] Formulaic back-reference phrase LLMs insert to feign continuity.
As noted earlier [medium] Formulaic back-reference phrase typical of AI-structured text.

As previously stated [medium] Formulaic back-reference phrase typical of AI-structured text.
as we all know [medium] Chinese-model English translationese connector.
As we examine [medium] AI-style 'let us examine together' narration framing.
As we explore [medium] AI-style journey-framing narration common in generated essays.
As we get into this [medium] Conversational AI transition into a topic.
As we have explored [medium] AI-style recap narration wrapping a section.
As we've seen [medium] Formulaic recap phrase LLMs use to reference prior points.
as white as snow [medium] AI reproduces training-data cliches directly; recurs in AI fairy-tale and fantasy descriptions.
As you are likely aware [medium] AI hedge that presumes reader knowledge.
As you may know [medium] AI hedge that presumes reader knowledge.
Asana Rebel GmbH [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Ascend to a Higher Plane of Existence [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Ask a Question [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Ask Claude to redraw it with one thing changed [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Ask Claude to turn the explainer into a quiz [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Ask follow-up questions for context [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Ask for a plain-language summary only [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Ask for advice, consult, learn from someone [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Ask for Meal Plans, Not Just Single Recipes [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Ask for reviews at the peak of client excitement [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Ask for reviews at the right moment [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Ask for steps first, not instant edits [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Ask for What You Want [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Ask how quick wins connect to long-term goals [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Ask Nolan AI [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Ask them to do one thing [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Ask when the topic will be revisited [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Ask within 24-48 hours while the visit is fresh [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Ask your agent to post [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Aspirational identity language [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Aspiring digital nomads [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Aspiring location-independent travelers [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Aspiring Sci-Fi Authors [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Assess data quality and access [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Assess headline-content alignment [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Assess risks (what could go wrong?) [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Assign Content Pillars to Days and Time Zones [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Assistant needs more explicit instructions [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Associated Press adopts automated earnings reports [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Associated Press automates earnings reports [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Assumptions and Limitations [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Astronomy: Cool Women in Space [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
At a high level [medium] AI's abstraction frame; a human says 'basically' or 'broadly'.
At first blush [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
At its core [medium] Overused AI bridge phrase into explanation; distinctive multiword opener though humans use it sometimes.
At its core / In essence / Ultimately [medium] False-simplification connectors that signal a profound summary is coming but deliver vagueness; they're filler
At specific trigger points [medium] Overused AI term catalogued from the 'claude' census sweep (source count 8).
At the forefront of [medium] Overused promotional phrase positioning a subject as a leader.
At the heart of [medium] A faux-profundity connective used to frame any topic as having a central essence; it sounds insightful but is
at the intersection of [medium] Go-to LLM construction for describing multidisciplinary backgrounds.
at this point in time [medium] AI padding for 'now'; a human says 'now' or 'right now'.
Atlantis: A sunken city of legend [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).

Common failures and cautionary tales [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Common GEO Mistakes to Avoid [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Common in these genres [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 9).
Common Legal Prompting Mistakes to Avoid [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Common MCP connections for non-engineering teams [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Common misconceptions about AI news software [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Common misconceptions and uncomfortable questions [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Common mistakes (and how to fix them) [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Common mistakes section [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Common Mistakes to Avoid [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Common mistakes when adopting AI-powered news [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Common mistakes when using templates [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Common mistakes—and how to avoid them [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Common Pitfalls and How to Avoid Them [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Common Pitfalls to Avoid [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Common prompting traps [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Common Questions About AI and Recipes [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Common questions about bodyguard romance [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Common questions about bully romance [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Common questions about dark romance tropes [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Common questions about second chance romance [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Common scenarios with example responses [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Common storytelling motifs in YA [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Common Traits of a Corporate Drone [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Common Triggers to Warn For [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Communicate to be understood, not to “sound smart [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Communicate with Clarity — Not Babble [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Communication and Alignment [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Communication made easy [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 2).
Community building and engagement [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Community challenges or games [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Community engagement focus [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Community Engagement on Reelmind [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Community engagement tools (Q&A, polls) [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Community SDK reduces wrapper development effort [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Community support for motivation and sharing tips [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Community vibe or events [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Community work boosts oxytocin and serotonin levels [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Community, local business, 35+ audience [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Community-focused, personal stories, link posts [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Companies using AI in at least one business function [medium] Overused AI term catalogued from the 'poetry' census sweep (source count 2).
Company: TechCorp Inc [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Compare coverage from multiple outlets for bias [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Compare CRM-friendly email tools [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Compare practical restaurant tools [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Compare social media management platforms [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Comparing AI Recipe Platforms Across the Market [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Comparing fares across airlines and flexible dates [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Comparison posts vs. alternatives [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Comparison Table: AI vs. Manual Methods [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Comparison — Two approaches side by side [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Comparison: Rent vs. Buy [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
COMPARISONSide-by-Side Feature Comparison [medium] Overused AI term catalogued from the 'academic' census sweep (source count 1).
Compelling subject lines that create urgency [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Compete with bigger brands [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Competent but formulaic emotion [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Competition, discipline, physical tension [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
competitive landscape [medium] Stock business-metaphor phrase heavily favored by AI writing.
Competitive pricing for features included [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Competitive SoM positioning [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Competitor analysis for caption inspiration [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).

Competitor benchmarking with AI-powered insights [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Competitor benchmarks and social insights [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Competitor brands you differ from [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Competitor content (add your unique angle) [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Competitor content tracking [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Competitor research and content inspiration [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Compiles a summary with highlights and flags [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Complements marketing email MCP servers well [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Complete AI Bundle [medium] Overused AI term catalogued from the 'poetry' census sweep (source count 2).
Complete control over online terms [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Complete Fact-Checking Workflow [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Complete slide-by-slide outline with [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Complete the style questionnaire [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Completion Rate: How many viewers watch to the end [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Complex API requires significant wrapper effort [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Complex API requiring significant integration effort [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Complex automation and workflows [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Complex data model to map [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Complex journeys and multi-location segmentation [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Complex legal reasoning [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
complex legal research [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
complex motion practice [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Complex platform-specific rules [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Complex pricing tiers [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Complex story research: 4-8 hours per article [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Complex to master [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Complex to set up properly [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Complexity, oversight overload [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Complexity, resource demand [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Compliance and Legal Review [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
COMPLIANCE READY: Not yet compliant [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Compliant with fair housing guidelines [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Complication, Black Moment [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Compose a 100-word essay using specific words [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 10).
Comprehensive API surface [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Comprehensive overview / comprehensive guide [medium] Models announce 'a comprehensive overview' when prefacing structure; the self-congratulatory completeness clai
Comprehensive solution [medium] Vague AI-favored marketing descriptor with no concrete meaning.
Computer Vision and Food Recognition [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Concept imagery for renovations → Midjourney, DALL·E [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Concerning the matter of [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Concerns over trust, authenticity [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
concise — every extra line costs space every session [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Conclusion with key takeaways [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Conclusion: Captivating Readers [medium] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Conclusion: Don’t fear the future—write it [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Conclusion: Embracing (or resisting) the AI news era [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Conclusion: rewriting the rules of journalism, again [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Conclusion: rewriting the rules of newsroom survival [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Conclusion: Streamline and Succeed [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Conclusion: Where to Go From Here [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Conclusion: Your role in the AI-powered news future [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Concrete jungles [medium] Clichéd lyrical phrase frequently generated in AI music
Condense long reports instantly [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Condenses presentation content on eggs [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Condition and recency (buyers pay for "new") [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Condition and value [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Conditional workflow engine reduces agent complexity [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Conditions of Use [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Condos and townhomes [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Confidential and non-judgmental environment [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Confidentiality and Review Workflow [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
confidentiality is not discussed [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Configures the trigger for new trial signups [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Confirm CEO quote accuracy and context [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Confirm correct application of legal standards [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Confirm statistics with authoritative sources [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Confirm text has strong contrast against backgrounds [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Confirm. Done. Task scheduled [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Confirmation, 7 days before, 1 day before [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Conflict is clear within the first paragraph [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
conflicting business and legal goals [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Conflicting lifecycle priorities [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Confronting the Past [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Connect restaurant strategy to local marketing [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Connect up to 40 accounts [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Connect your AI agent [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Connect, check in [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Connecting AI to Your Business Goals [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).

Connecting External Tools with MCP [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Connecting too many tools [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Connectors in the chat [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Connectors: give Claude access to your tools [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Connects the sequence to the at-risk segment [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Connie, The Robot Concierge at Hilton [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Consent in Dark Romance [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Consent in the Caves: Navigating Challenging Themes [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Consistency matters on this high-frequency platform [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Consistency score (did it follow the template?) [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Consistent cast across all books [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Consistent citation patterns across platforms [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Consistent factions across all books [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
consistent page layout [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Consistent REST API for clean MCP wrapper design [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Consistent town across all books [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Consistent universes across all books [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Console RPG Clichés 1 to 24 [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Console RPG Clichés 121 to 144 [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Console RPG Clichés 145 to 168 [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Console RPG Clichés 169 to 192 [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Console RPG Clichés 25 to 48 [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Console RPG Clichés 49 to 72 [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Console RPG Clichés 73 to 96 [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Console RPG Clichés 97 to 120 [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).

Dark Horse line [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Dark Is Evil: Darkness is associated with evil [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Dark paranormal romance [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Dark romantic suspense [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Dark World: An entire world in constant darkness [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
darkest hour / darkest night [medium] Superlative-darkness idiom used as a generic low point. Paired automatically with 'before the dawn'; the model
darkness falls [medium] A stock atmospheric opener; AI uses it to begin a verse with mood and zero information, a recognizable generat
Darkness von Gothick" Name: A dark name [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Das Gefuehl mit dem Borrow Checker kenne ich gut! [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Das ist ein echter Meilenstein! [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Das ist fantastisch! [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Das ist keine Kleinigkeit! [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Dashboards and Reporting [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Data & document management [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Data analysis and visualization suggestions [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Data Analysis in Dorchester Collection Hotel [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Data analysis, election results, investigative leads [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Data Analytics and AI [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Data Analytics to Identify Valuable Insights [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Data and Analytics [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Data and investigative journalists with AI skills [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Data and Personalization [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Data and Training [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Data cleaning and enrichment (third-party vendors) [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Data cleaning and validation [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Data collection (feeds, brokers, APIs) [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
DATA DRIVEN: Decisions that were made last year [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Data ingestion (APIs, feeds, sensors) [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Data journalism, financial news focus [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Data journalism, multimedia expand [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
DATA LAKE: A swamp with parquet files and regret [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Data Logs API for agent monitoring [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Data or statistics where relevant [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Data point → Implications → Next steps [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Data privacy compliance in source ingestion [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Data Privacy in AI Nutrition Apps [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Data privacy review [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Data Processing, Normalization, and Validation [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Data Security and Privacy Controls [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Data sources, pipelines, and editorial controls [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Data stored on cloud servers; usage data collected [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Data story — Statistics with visual design [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Data streams (APIs, web scrapers) collect raw inputs [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Data tagging, routing [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Data Triangulation and Validation [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Data-backed visibility that makes Legal strategic [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Data-Driven Communication Techniques [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Data-driven customization for individual audiences [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Data-Driven Decision Making [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Data-driven hotel pricing [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Data-driven pricing for competitive advantage [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Database: Supabase (PostgreSQL with RLS) [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Dataset audits, disclosure [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Dataset revision, apology [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).

Date & time for each post [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Date grid, explore map, alerts [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Date of open house [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Dated template design [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Dated UI in places [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
DateOctober 16, 2025 [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Daughters of an Amber Noon [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Daughters of an Emerald Dusk [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
David Morley, University of Warwick [medium] Overused AI term catalogued from the 'poetry' census sweep (source count 1).
Day 1, day 7 [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Day 20: Third batch session (create Week 5 content) [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Day 22-23: Re-test AI platforms for citation changes [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Day 22-28: Maintain posting schedule + engagement [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Day 28-30: Plan next batch of content optimizations [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Day 2: Repeat... but you're tired, so skip posting [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Day 31: Repeat monthly planning session [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Day 60: Month 2 review + adjustments [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Day in the life vlogs [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Day in the life — Behind-the-scenes of your routine [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Day of Week [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Days 22-30: Optimization# [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Days of content scheduled ahead [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Days on market average [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Days on market for similar homes [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Days on market in this category [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Deader than Dead [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
deadlines sound unrealistic [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).

Defining accountability in digital media [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Defining news content generators in 2025 [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Defining the Business [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Defining Your Grumpy and Your Sunshine [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Definition of AI [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Delayed incident fixes [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Delete back to where the loop began [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Delete the hook, state the thing [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Delete your message and its reply [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Delirium by Lauren Oliver [medium] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Deliver better employee experiences [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Deliver immediate value [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Deliver one clear idea per post [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Deliver stronger work [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Deliverability and spam checking [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Deliverables: Work outputs or results [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
delivers on its promise [medium] Generic marketing affirmation with no concrete delivery mechanism; common AI filler.
Delve" and Friends [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Delving deeper into this topic [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Dem Bones: Undead skeletons [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Demand correction protocols for automated errors [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Demand letters with legal claims [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Demand transparency and disclosure from news outlets [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Demand transparency from news platforms [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Demand transparency from your news providers [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Democratizing Access to Global Experiences [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Demon Seed (1977) [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Demonstrates due diligence in AI use [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
demonstrates significant [medium] Formulaic AI academic-report phrasing that inflates claims.
Demystifying 'hallucination' and AI news bias [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Demystifying the algorithms driving AI journalism [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Demà (tomorrow) - pronounced "deh-MAH [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Den of Vipers [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Denied party screening [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Dense, unstructured paragraphs [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Dental email benchmark [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Department and University Information [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Depending on the context [medium] AI hedging phrase used to avoid committing to an answer.
Depends on vendor support [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Depends on which API key you connect [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Deploy a pilot and collect honest feedback [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Deploy customer agent [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Deploy in Claude Projects [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Depth of final story [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Depth, investigative power, high trust [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Desarrollo de software con Cursor [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Desaturated blues and grays (cold, dead tones) [medium] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 1).
Desaturated photography with vibrant text [medium] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 1).
Desaturated, drained colors that feel lifeless [medium] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 1).
Describe a person's activity with details [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).

Describe a ship sinking post-Boston Tea Party attack [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Describe action sequences with visceral detail [medium] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 1).
Describe property features with clarity [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Describe the specific feature plainly [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Describe the specific outcome [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Describe the task [medium] Overused AI term catalogued from the 'claude' census sweep (source count 2).
Describe tone with analogies [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Describe what you need [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Describes both indoor and outdoor living areas [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Describing every room equally [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Description (optional, 30 characters) [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Description (what this task does) [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Description -- present and reasonable length [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Description is currently not available [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Design and schedule in one tab [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Design prompts for clarity and brevity [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Design template suggestions [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
DESIGN THINKING: Pictures and words [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Designed for business velocity [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Designed for solo operators [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Designed for teams, overkill for individuals [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Designed to get saves, DMs, and showing requests [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Desired outcomes or goals [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Desired tone (luxury, casual, investor-focused) [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Desperate; lowball me [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Despite challenges... continues to thrive [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Destinations and DMOs [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Detail - Going beyond the facts [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
detail-oriented professional [medium] Classic AI resume buzzword paired with vague claims; common detection signal.
Detailed comparison by criteria [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Detailed contact scoring [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Detailed delivery analytics via API [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Detailed delivery statistics [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Detailed descriptions and technical specifications [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Detailed overview of cardamom and cumin powder [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Detailed overview of ginger's properties and uses [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Detailed summary (500 words): All major points with [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Detailed travel guides [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Details included equipment and infrastructure [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Details infrastructure and access points [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Details of variations [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Details premium features and finishes [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Details utility availability and completed tests [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Detect crisis trigger from data feed [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Detect PII; redact [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Detective or investigator [medium] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 1).
Detects synthetic video artifacts [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).

Ethics of True Crime [medium] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 1).
Ethics, data privacy [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
ETHICSEthics and Responsible AI Use in Academia [medium] Overused AI term catalogued from the 'academic' census sweep (source count 1).
Eugene Gearty and Philip Stockton (2011) [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Evals tell you whether AI is performing well [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Evaluate how processes could be improved [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Evaluate integration needs [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Evaluate Jasper for brand voice consistency at scale [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Evaluate staff skills—plan training needs [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Evaluating the Ecosystem: Features Beyond the Hype [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Evenings 7:00–9:00 PM; weekend mid-morning [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Event and People APIs cover SaaS lifecycle patterns [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Event management features [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 2).
Event-based automation triggers [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 2).
Event-driven model fits AI agent trigger patterns [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Event-driven, conditional generation [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Evergreen content recycling [medium] Overused AI term catalogued from the 'social media' census sweep (source count 2).
Evergreen post auto-retweets and reposts [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
every beat of my heart [medium] Heartbeat-as-devotion-meter is a stock intensifier; AI reaches for it to quantify love, and it recurs identica
Every breath I take is for you [medium] Hyperbolic total-devotion line; the model escalates to 'every breath' as a maximal commitment token, a pattern
every fiber of my being [medium] A frozen total-commitment idiom the model reproduces verbatim for emphasis; melodramatic and over-precise, it'
every scar tells a story [medium] Sentimental aphorism that personifies scars as narrators. It's a Hallmark-grade line the model picks because i
every single struggle built me ten feet tall [medium] Hyperbolic growth-metaphor payoff line frequently generated in AI rap.
Everyone asks about" implies demand without hype [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Everything in one place [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Everything the Software Handles For You [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Everything you need to know [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Everything You Need to Write & Sell Dark Romance [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Everything You Need to Write & Sell Romance [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Everything You Need to Write & Sell Sci-Fi [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Everything You Need to Write Romance [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 2).
evidence suggests [medium] Soft unattributed-authority hedge AI uses to imply support without citing a specific study.
Evil Overlord character tropes [medium] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Evil Smells Bad: Horrid odors signify evil [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Evil Tainted the Place [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Evolve in real-time [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Evolve your strategy [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Evolve: Optimize in real time [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
evolving litigation support [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Exact distance to schools (Google Maps) [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Exactly tailored to me [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
exactly what I needed [medium] Formulaic testimonial claim lacking specificity about the need met.
Example 1 — Suburban starter ($425K, sold 18 days) [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Example 10 — New-build modern ($2.7M, sold 19 days) [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Example 11 — Buildable lot ($245K, sold 31 days) [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).

Example 15 — Lakefront cottage ($595K, sold 16 days) [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Example 16 — Beachfront luxury ($4.2M, sold 38 days) [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Example 18 — Structural fixer ($175K, sold 14 days) [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Example 2 — Mid-tier suburban ($685K, sold 12 days) [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Example 20 — California ADU ($1.4M, sold 13 days) [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Example 2: Tone Variations for Segments [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Example 3: Rewriting a Weak Email [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Example 4 — Downtown 1BR ($385K, sold 9 days) [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Example 5 — Family-sized condo ($725K, sold 14 days) [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Example 7 — Renovated historic ($475K, sold 28 days) [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Example Content Pillars (for a SaaS brand):# [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Example in News [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Example Monthly Themes:# [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Example of an CLAUDE.md that I propose [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Example prompts for content creation [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Example prompts for social media and email [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Example real estate task [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Example rewrites (generic → our voice) [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Example Skills to customize: GitHub repository [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Example: good vs. bad ChatGPT prompts [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Example: how skills work in practice [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Examples of Generative AI Applications [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Examples of Success [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Examples: Before vs. After AI-Enhanced Descriptions [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Examples: Dune by Frank Herbert [medium] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Examples: Lord of the Rings, Harry Potter, Star Wars [medium] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Examples: The Belgariad by David Eddings [medium] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Examples: The Blair Witch Project, Scream franchise [medium] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Excellent analytics for the price [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Excellent approval workflows [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Excellent at long-form, nuanced social captions [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Excellent automation builder [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Excellent client reporting [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Excellent diff-style editing suggestions [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Excellent for large teams [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Excellent Instagram grid preview [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Excellent phone support [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 3).
Excellent TypeScript SDK for MCP wrapper building [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Excellent value for features included [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Excellent writing quality and tone matching [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Exceptional at improving and polishing existing copy [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Excessively complex user interfaces [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Excitement, concern over bias [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Exciting opportunities [medium] Empty AI enthusiasm phrase used to close or pivot sections.
Exciting possibilities [medium] Vague forward-looking AI enthusiasm filler.
Excitingly, Amazing, Remarkable [medium] Overused AI term catalogued from the 'academic' census sweep (source count 1).
Exclusive partner discounts on AI tools [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Execute in focused chunks [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Execute with checkpoints [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Executive interviews for profile pieces [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Executive news briefs [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Exhibit creativity or adaptability [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Exklusive Tipps zur Beherrschung von AI! [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Expand file tree [medium] Overused AI term catalogued from the 'claude' census sweep (source count 2).
Expand optimization to 20-30 pages [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Expanded its capabilities [medium] Overused AI term catalogued from the 'academic' census sweep (source count 1).
Expands and contextualizes the acronym 'GTFWC [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Expansion of influencer-led e-commerce [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Expedition: Bismarck (2002) [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Expensive as a solo purchase [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Expensive at scale [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 5).
Expensive for basic needs [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Expensive for high notification volumes [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Expensive for small or low-activity lists [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Expensive for small teams [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Expensive for small teams or solo users [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Expensive paid tiers [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Expensive starting price [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 2).

Fitbit AI Coach [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Fitbit AI: Daily readiness score [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Fitbod AI: Personalized workout session [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Fitness & Wellness [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).

Fitness Centers and Gyms [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Five bold predictions for AI journalism in 2030 [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Five habits that give you more from every session [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Five Steps to AI-Powered Title Gold [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Fix to try first [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Fixer-Upper or Investor Special [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Fixes weak prompts [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Fixing Arc Drift and Plot Holes [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Fixing bugs with a clear plan (not random edits) [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Fixing Generic Plots and Character Drift [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Flag inconsistencies and request manual review [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Flag uncertainty or potential hallucinations [medium] Overused AI term catalogued from the 'claude' census sweep (source count 9).
Flags buzzwords and Fair Housing risks [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Flash fiction prompts (under 250 words) [medium] Overused AI term catalogued from the 'poetry' census sweep (source count 1).
Flash sale announcements [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Flat Scare: "Boo [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Flat unlimited pricing [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 3).
Flattening organisational layers [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
FlavorGraph and Molecular Ingredient Mapping [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Flesh Golem: A monster made out of body parts [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
FLESH OUT: Gather more detail please [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Flexible and easy to use [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Flexible Narrative POV [medium] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 1).
Flexible, creative, free tier strong [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Flight and Hotel Booking [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Flight price tracking [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Flip the coin and choose wisely [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Floods with fake stories [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Flow creation not API-accessible [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
fluent in sarcasm [medium] Cliched personality self-descriptor AI frequently generates to signal humor without any actual demonstration.
Focus on breaking news, analytics [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Focus on clear communication, not fresh lingo [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 4).
Focus on client relationships and showings [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Focus on Data Quality and Integration [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Focus on property features, not people [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Focus on short-term results [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Focus on the Human Element [medium] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 1).
Focus on walkability, restaurants, and nightlife [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Focused API creates clean MCP tool definitions [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Focused on 1:1 sales emails, not bulk campaigns [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Focuses due diligence on deal-critical provisions [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Focuses on completing tasks efficiently [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Focusing on solutions [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Fog of Doom: Deadly Ominous Fog [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Folder (where outputs go, optional) [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Folders and files [medium] Overused AI term catalogued from the 'claude' census sweep (source count 2).
Folklore mythology (based) [medium] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Follow the existing codebase patterns [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Follow the Romance Beat Sheet with AI [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Follow up open house visitors the same day [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Follow up prompts [medium] Overused AI term catalogued from the 'claude' census sweep (source count 2).
Follow up with active buyers and sellers [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Follow up, talk about it later [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Follow-up capability for nuance [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Follow-up questions maintain context [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Follow-up templates and sales subject lines [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Following complex multi-step instructions [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Follows instructions without challenging decisions [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Food & Beverage [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Food Chain of Evil [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Food, Magic, Art, Science, and Medicine [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 10).

Free (self-hosted) or cloud plans from $0 [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Free access to GPT-5.3 Instant [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Free AI Strategy Call for Engineering-Led Companies [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Free AI tools [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 2).
Free API for integration [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Free customer acquisition [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Free hosting included [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Free plan discontinued [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Free plan for automation [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Free plan has visible watermarks on some exports [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Free plan or starting price [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Free plan with CRM features [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Free team communication app [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 3).
Free tier available [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Free tier available, then usage-based [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Free tier exists [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Free tier for getting started [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Free tier for small practices [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Free tier for small restaurants [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Free tier for smaller operations [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Free tier includes full MCP access [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Free tier includes full MCP and API access [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Free Tier Optimization for Writers [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Free tier with 1 brand and unlimited posts [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Free tier, then usage-based [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Free to start, then usage-based [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 2).
Free to Use [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Free to use — no signup required [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Free tools are rather limited [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Free training & 24-hour support [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 2).
Free trial with 5K word limit [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Free trial: 7 days, full access (card required) [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Free trials & demos [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Free version is limited [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Free vs Paid Scheduling Tools: What You Actually Get [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Free vs Pro Pricing [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Free, flexible, collaborative [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).

Free: 1 user, 3 profiles [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Free: 3 accounts, 10 scheduled posts [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Free: GPT-5 mini, limited messages [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Free: GPT-5.3 Instant [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Free: Limited credits and basic features [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Free: Limited daily usage on Sonnet 4.6 [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Free: Limited generations to test the platform [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Free: Limited scheduling [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Free: Sonnet access with message limits [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Free: Veo 3.1 via Google Vids [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Freeing time for in-depth investigations [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Freeing up staff for deep-dive reporting or analysis [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Frees up human reporters for deep investigative work [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Freezer Bags for Sauces [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
French (55 phrases found) [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
French Pronouns: A Complete Guide for Learners [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Frequency and relevance are under control [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Frequent factual corrections post-publication [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Frequent use of polarizing language [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Frequent, explicit, integral to the arc [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Frequently used unless asked otherwise [medium] Overused AI term catalogued from the 'claude' census sweep (source count 9).
Fresh and engaging without overused terms [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Fresh Approaches to Tension and Stakes [medium] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 1).
Friendly chat UX, fast results [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Friendly, conversational, occasionally overly polite [medium] Overused AI term catalogued from the 'claude' census sweep (source count 9).
Friends & Following [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Friends to Lovers [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 7).
Friendship and Loyalty [medium] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
from inception to execution [medium] Stock full-lifecycle flourish AI adds to sound comprehensive.
From the block to the top [medium] Rhyme-engineered come-up summary (block/top); AI favors the internal rhyme as a tidy arc-in-a-bar, but 'the bl
front porch [medium] Default 'simple-life' tableau. AI parks the narrator on a porch with a guitar/sweet tea because it's the most
Front-load the property hook [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Frontier AI models (Claude Opus, GPT-class) [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Frontier AI models included (Claude Opus, GPT-class) [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Frustrating API with quirks [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Frustrating API with quirks and inconsistencies [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Full (captions, images, video) [medium] Overused AI term catalogued from the 'social media' census sweep (source count 2).
Full agent operating system with AI [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Full AI adoption [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Full AI breaking news [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Full alphabetical data summary for easy reference [medium] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 1).
Full Campaign Control via API [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Full capability set [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Full content library optimization [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Full control over model selection and costs [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Full CRM + email [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Full CRM included [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Full data: Available on clauded.fyi [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Full editor suite [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 2).
Full email body [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Full Fact AI(fullfact.ai) [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Full features require a Fitbit device [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Full intelligence briefing [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Full listing marketing package [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Full marketing calendar [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Full names of clients [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Full pipeline: outline, characters, scenes, editing [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Full platform customisation [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Full project architecture [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Full sequence generation, brand-aware [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Full SWOT analysis [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Full system design [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Full trip mgmt: budget, packing, sharing [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Full — ingredients, diet, preferences [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Fully scheduled content month [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Fun with Dick and Jane (1977) [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Functionality and ease of implementation [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Fur Against Fang: Vampires and werewolves fight [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Future history (Speculative evolution) [medium] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Future might see us placing [medium] Overused AI term catalogued from the 'academic' census sweep (source count 1).
Future of AI in newsrooms [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Future of AI Tools in the Travel Industry [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Future of Professionals Report 2025 [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Future Trends in AI Healthcare Marketing [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
GA4 segments: Filter by AI referrer domains [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).

Human editorial support [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Human for breakthrough concepts, AI for variations [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Human for storytelling, AI for functional copy [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Human intervention rate [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Human Journalists: Strengths [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Human oversight remains essential [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Human oversight required, new ethical standards [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Human review needed for [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Human review option [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Human review processes in place [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Human touch vs. machine logic [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Human vs. machine: newsroom power struggles [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Human-AI hybrid teams emerge [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Human-in-the-loop becomes industry norm [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Human-led, manual curation [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Human-level AI (does not exist yet) [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Human-written Error Rate [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Humanize in Academic Mode [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Humanizes AI text [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Humans review, resolve, and document the incident [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Humans still rewrite most outputs [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Humor and relatable moments [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Humor, solo travel, lesser-known destinations [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
husky voice [medium] Overused AI sensual voice descriptor recycled across intimate scenes; flagged in banned-token lists.
Hustle hard / hustle never stops [medium] Catch-all hustle slogan; AI uses 'hustle hard' as undifferentiated effort filler, and the absence of what is b
Hybrid human-AI newsrooms will be the new normal [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Hybrid model worked best [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Hybrid models: humans and machines working together [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Hybrid newsrooms: The human-AI collaboration model [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Hybrid Publishing (8) [medium] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 2).
Hybrid SaaS + store founders [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Hybrid top-down and bottom-up modelling [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Hybrid workflow, growing trust [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).

Hydration and food logs [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Hyper-personalized news feeds [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Hyper-Personalized Self Care in the Age of AI [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Hyper-targeted news recommendations [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
I Am Aileen [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
I am excited to [medium] Generic AI cover-letter opener appearing verbatim across many applications.
i appreciate your [medium] Claude polite opener.
I can't do anything about it now [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
I didn't think it mattered [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
I don't care how you do it [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
I guess I messed up [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
I hope this helps! Let me know if [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
I know better than you [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
I loathe and despise it [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
I must say [medium] Formal conversational bridge LLMs insert to feign emphasis; rare in organic casual reviews.
I need this ASAP [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
I need this now [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
I see you [medium] Therapy-register validation phrase.
I should mention [medium] Documented Claude hedging insertion; specific enough to keep.
I want to be clear [medium] Documented Claude transitional directness marker; recognizable string.
I Want to Hear From You [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 2).
I would recommend [medium] Formal AI rec; a human says 'I'd go with' or 'I'd say'.
I'd be happy to [medium] Assistant-service register; a human says 'sure' or 'happy to'.
i'd be happy to help [medium] Assistant-voice ChatGPT tell.
I'd be happy to help / Happy to help! [medium] Synthetic eagerness rewarded during instruction tuning; it injects a service-desk persona into text that has n
I'd cross the ocean(s) for you [medium] A grand-gesture distance cliché; the model proves love with a stock geographic hyperbole (oceans/mountains/mil
I'll be honest [medium] AI often uses this faux-confessional framing to feign authenticity before a generic point.
I'll catch you when you fall [medium] Stock protective-partner promise; AI uses the catch/fall pairing as a default loyalty line, generic enough to
I'm equally happy staying in or going out [medium] Classic AI hedging construction that tries to appeal to everyone while conveying no real personality.
I'm going to be honest with you [medium] Formulaic honesty preamble AI uses to simulate a candid human voice.
I'm humbled to announce [medium] AI-LinkedIn-post staple (humble-brag formula).
I'm just an AI [medium] Llama-2 alignment-speak.
I'm not a financial advisor [medium] Common protective boilerplate in AI-generated crypto/finance content.
I'm not going to [medium] Overused AI term catalogued from the 'poetry' census sweep (source count 1).
I'm not like other girls [medium] Cliched contrarian claim that ironically marks conformity to a known profile persona; commonly AI-generated.
IBM Chef Watson and the Birth of Cognitive Cooking [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Ideal for hot sleepers [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Ideas & Inspiration [medium] Overused AI term catalogued from the 'poetry' census sweep (source count 1).
Ideas and inspiration sent directly to your inbox [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Identification and apprehension of the killer [medium] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 1).
Identification and resolution of data gaps [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Identify a patient with a missed follow-up [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Identify at-risk customers before they churn [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Identify breaking stories early [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Identify gaps or missing posts [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Identify growth segments for investment [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Identify inconsistencies across long drafts [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Identify plot holes or logical inconsistencies [medium] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 1).
Identify repetitive tasks ripe for automation [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Identify risks—privacy, bias, regulatory exposure [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Identify routine reporting areas ripe for automation [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Identify the critical path — which tasks, if delayed [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Identify the key assumptions behind each option [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Identify top five competitors [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Identify top-performing content types [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Identify your ticking clock and core stakes [medium] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 1).
Identifying contradictions in source statements [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Identifying key themes and moments: 20-30 minutes [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Identifying seasonal story opportunities [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Identifying the story trigger (a leaked document) [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
identity, payments, compute, distribution [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
IDX search included [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
IDX website built in [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
If I started over" — What you'd do differently [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
If it's off-brand, adjust content [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
If the timeline can be changed, it's a comedy [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
If the timeline can't be changed, it's a tragedy [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
If you are on a tight budget [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
If you are sending at massive scale [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
If you need advanced event-driven automation [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
if you will [medium] Verbal-tic filler.
If You Write in More Than One Language [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).

In-depth explainers on policy or science [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
In-depth, investigative pieces [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
In-editor AI, subject line suggestions [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Inadequate training for editorial staff [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Inbound email routing for reply handling by agents [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Include a call-to-action (CTA) [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Include a hook in the first line [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Include a sample [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Include booking links [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Include dates on statistics and data [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Include lifestyle + logistics [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Include social proof if available [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Include specific numbers and examples [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Include specific, local detail [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Include the audience and goal [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Include the target keyword in H1 and first paragraph [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Include What's Nearby [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Included at many brokerages [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Included on paid plans [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Included with your ListingAI plan [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Included:Audio sample analysis [medium] Overused AI term catalogued from the 'claude' census sweep (source count 3).
Included:Context adaptation matrix [medium] Overused AI term catalogued from the 'claude' census sweep (source count 3).
Included:Done-for-you sample curation [medium] Overused AI term catalogued from the 'claude' census sweep (source count 3).
Included:Everything in Pro [medium] Overused AI term catalogued from the 'claude' census sweep (source count 3).
Included:Everything in Starter [medium] Overused AI term catalogued from the 'claude' census sweep (source count 3).
Included:Extended revision period [medium] Overused AI term catalogued from the 'claude' census sweep (source count 3).
Included:Master prompt document [medium] Overused AI term catalogued from the 'claude' census sweep (source count 3).
Included:Personal style consultation [medium] Overused AI term catalogued from the 'claude' census sweep (source count 3).
Included:Works with any AI tool [medium] Overused AI term catalogued from the 'claude' census sweep (source count 3).
Included:Writing DNA analysis [medium] Overused AI term catalogued from the 'claude' census sweep (source count 3).
Included:Writing style analysis [medium] Overused AI term catalogued from the 'claude' census sweep (source count 3).
Includes capacity and infrastructure details [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Includes ClaimReview markup data [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Includes specific facts or data [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Includes traffic data and surrounding development [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Including specific data [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Inconsistency across team members [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Inconsistent analytics fields [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Inconsistent narrative flow, abrupt transitions [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Inconsistent party references across documents [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Incorrect statements of legal standards [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
increase in deals created after 6 months [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
increase in inbound leads after 6 months [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
increase in website traffic after 6 months [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 2).
Increased automation can erode editorial oversight [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Increasing demand for real-time content creation [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Incredibly significant [medium] Redundant intensifier stack typical of AI's inflated emphasis.
Independent travel, budget tips [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Indexed open web + real-time crawl [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Indexed open web pages [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Indexed open web via search partner [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Indice dei contenuti [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Individual and national progress [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Industry 2: Legal and Professional Services [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Industry 3: Marketing and Content [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Industry 4: E-Commerce and Retail [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Industry 5: Healthcare and Medical Practices [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Industry attention spikes [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Industry Average (Traditional) [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Industry benchmark reports [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
industry best practices [medium] Vague corporate authority phrase AI inserts without specifics.
Industry codes, limited oversight [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Industry events and conferences [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Industry insight or prediction [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Industry insights and data [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Industry insights and education [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Industry Insights – Trends, data, thought leadership [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Industry news and trending topics [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Industry self-regulation, light touch [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Industry watch: Adjacent fields and crossovers [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Industry-specific caption templates [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Industry-standard photographer CRM [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Industry-standard real estate CRM [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Industry-wide accountability standards and audits [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).

Ineffective FAQ Pattern [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Influencer by day, pun master by night. ■■■ [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Influencing minds, one good vibes post at a time [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Influencing the conversation [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Influencing the future [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Influencing the future for the better [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Influencing the future for the better, every day [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Influencing the future, every day [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Influencing the future, one selfie at a time [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Influencing the future, one story at a time [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Influencing the masses [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Influencing the masses for the better [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Influencing the masses, one story at a time [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Influencing the world [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Influencing the world for good [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Influencing the world with positivity, every day [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Influencing the world, one photo at a time [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Influencing the world, with my own brand of magic [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Infobase for storing company info [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Infographic for Pinterest [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Infomercial engagement hooks [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Information delivered at the speed of light [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Information delivery and clue planting [medium] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 1).
Information Technology (IT) [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Informed consent, error tracking [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
INFOTAINMENT: Daily Mail [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Infrastructure management required for self-hosting [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 2).
Infrastructure overhead for self-hosting [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Ingest and verify raw data [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Ingredient-level; not user-profile driven [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Ingredients and quantities [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Initial job pushback [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Initial pilot (U.S.) [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Inman News -- "AI Adoption in Real Estate," 2026 [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
innovant et avant-gardiste [medium] Mechanical pairing of synonymous evaluative terms in AI marketing copy
Innovate with AI Tools in Real Estate [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).

Reliable recall workflows [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Reliance on a single data source or feed [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Reliance on press kits instead of original analysis [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Relief at faster resolution of routine problems [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Relies on conversation context and Projects [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Relies on external claims [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Relies on manual proofreading and revisions [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Relieved of drudgework, new roles [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Rely on trusted content [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Remarkable breakthrough [medium] AI over-hypes developments as remarkable breakthroughs.
Remember the AI's limitations [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
reminders for products that may be running low [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Remix content instantly [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Remove AI-isms from this post [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Remove communication barriers, and [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Remove filler words automatically [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Remove HubSpot branding [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 2).
Remove Low-Risk Contracts from Legal's Plate [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).

Removes daily posting task from your to-do list [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Rendezvous with Rama by Arthur C. Clarke [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Renewal and notice term extraction [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Rental income potential (if applicable) [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
repeat formatting standards [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Repeat the same insight using different wording [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Repeat until outputs need minimal editing [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Repeatable batch operations with assistant control [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Repeatable process, less rework [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Repeated targeting, link, or scheduling mistakes [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Repeating the same language across listings [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Repetition, lack of source vetting [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Repetitive phrasing across multiple articles [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Repetitive phrasing or formulaic structures [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Rephrase first, then route [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Replace 5+ subscriptions [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Replace with specific facts or cut [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Replacing local knowledge from experienced guides [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Replies and quote tweets [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Reply or showing request [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Reply to Audience Interactions [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Reply tracking & team inbox [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 5).
Reporting & Editing [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Reporting and campaign analytics [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Reporting events that didn't occur [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
REPORTS AND DATABASES [medium] Overused AI term catalogued from the 'academic' census sweep (source count 1).
Repository files navigation [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Represent a major milestone [medium] Variant of the AI milestone framing cliche.
Represents a significant milestone in the field [medium] Overused AI term catalogued from the 'academic' census sweep (source count 1).
Reprinting this list [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Reproduction and pregnancy [medium] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Repurpose ideas into multiple formats [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Repurpose old posts and content [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Repurpose past winners (same idea, new angle) [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Repurpose top-performing posts automatically [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Repurposing Content with AI [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Repurposing long-form content into social posts [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Request a sentence that introduces the source [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Request a valuation [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Request for Customization [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Request for Overdue Payment Template [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Required platform access [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Requires 90% less time [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Requires a separate platform to send campaigns [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Requires commitment to the HubSpot ecosystem [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Requires consistent use [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Requires device purchase [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Requires expertise across many domains [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Requires infrastructure management [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Requires local setup [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Requires manual cleanup [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Requires manual copy-paste into scheduling tools [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Requires manual list cleaning [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Requires manual tracking and analysis [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Requires more prompting [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Requires native speakers or professional translators [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Requires ongoing coordination, training [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Requires ongoing skill development and training [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Requires physical hardware [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Requires setup investment to configure brand rules [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Requires staff or agency fees [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Requires strong prompting skills for best results [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Requires subscription + band [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Requires training but then very consistent [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Research & Insights [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Research & Learning [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Research & News [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Research & Sources [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 2).
Research and data gathering [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Research and data synthesis [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Research Approach and Design [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Research Design and Approach [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Research LabsResearch Labs [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Research Memos and Case Summaries [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Research process thread [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Research prospects, draft posts, check engagement [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
research shows [medium] Generic invocation of unnamed research; lets AI claim backing without accountability.
Research tool; not consumer-facing [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).

Research-heavy content (stats, trends) [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
researchers have noted [medium] Vague unsourced attribution ('experts argue', 'some critics', 'researchers have noted') AI uses to fabricate a
Reservation or order click rate [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Resistance, adaptation, and culture clashes [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Resolution (90-100%): Aftermath and new equilibrium [medium] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 1).
Resolution (what changed) [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Resource libraries: small, curated, and mighty [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Resource round-up — Curated tools or links [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Resources for avoiding harmful stereotypes [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Resources for Interpretable Machine Learning [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Resources Used to Learn About AI [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Respect intellectual property and creative ownership [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Responding to Clients and Lead Nurturing [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Responsible travel, photography [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Rest assured [medium] Stock reassuring transition AI inserts to sound confident and helpful.
Rest of Asia Pacific [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Rest of Europe [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Rest of Latin America [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Rest of Middle East and Africa [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Restaurant email goal [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Restaurant email metric [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Restaurant groups with marketing staff [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
restaurant-quality at home [medium] Vague aspirational AI claim with no quality markers or reference point.
Restaurant-specific marketing and loyalty platform [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Restaurants already running Toast POS [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Restaurants prioritizing email design [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Restaurants running special events [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Restaurants wanting a well-known platform [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Restaurants wanting no-frills reliability [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Restaurants wanting simple email with phone support [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Restaurants wanting simplicity and affordability [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Restaurants with significant online ordering [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Restraint over resolution [medium] Overused AI term catalogued from the 'poetry' census sweep (source count 1).
Restructuring for future resilience [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Result: 10 videos = 40 posts across 4 platforms [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Result: Reach plateaus or declines despite effort [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Result: Steady reach growth month-over-month [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
results-driven [medium] Vague resume/profile descriptor lacking specificity; overused in AI-written job content
Resurrection: Bringing the dead back to life [medium] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Retail & Merchandising [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 2).
Retracted, trust hit [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Retraction headline posted [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Retraction, public apology [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Retrieval — what gets pulled in [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Return to Isis [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Returns & Replacements [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Reusable detailed prompt [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Reuters image verification suite powered by AI [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Reuters Institute, 2024 [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Reuters Institute: AI in the newsroom, 2024 [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Reuters Institute: Trends and Predictions 2025 [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Reuters launches AI data journalism [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Reuters uses AI for election coverage [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Revalidate the profile page path [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Reveal what's included [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Reveals unexpected connections between products [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
revenue (most recent year mentioned) [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Revenue attribution tracking [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Reverse image search [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Reverse problem solving [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Review & abstraction [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Review and adjust [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Review and edit the draft for accuracy and voice [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Review and Refine the Output as a First Draft [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Review calendar for balance [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Review every recommendation [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Review for jurisdictional accuracy and conflicts [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Review issues, approve fixes, export clean copy [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 2).
Review last month's analytics [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Review last week's post performance [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Review methodology of cited studies [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Review request response [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Review request templates and follow-up templates [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Review scientific or health claims [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Review the Change Management Guide [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Review the phrase table sorted by frequency [medium] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Review the problematic output for pattern errors [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Review weekly summaries and edge cases [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).

Reviews and referrals compound future bookings [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Revise responses with academic and epic storytelling [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Revising Your AI Copy vs. Doing A Total Rewrite [medium] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
revisions are hidden or vague [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Revisit brand voice if growth stalls [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Rewards & Performance [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Rewrite 1: Cut the fat (v5.5) [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Rewrite 2: Hunting expertise [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Rewrite CTAs on posts with low click rates [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Rewrite emails in your tone [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Rewrite for clarity (no fluff) [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Rewrite suggestions in multiple tones [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Rewrite: clearer, shorter sentences, keep my tone [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Rewrite: shorter, confident, polite. Give 2 versions [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Rewrites your opening line [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Rewriting and editing [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Rewriting and Improving [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Rewriting, tone shifting [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Rhetorical question openers [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Rhythm and uniformity [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
rich history [medium] Empty descriptor substituted for actual historical specifics; everywhere has history.
rich history / rich cultural heritage [medium] Part of the 'rich' tourism-puffery cluster Wikipedia flags. Generic descriptor attached to any place or tradit
Rich jewel tones for slightly darker cozies [medium] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 1).
Rich training datasets [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Richard King (2003) [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Richard King and Alex Gibson (2017) [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Right terms at the right time [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
RingSmart HomeSecurity Systems [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Rise of 24-hour cable news [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Rise of eBooks and Audiobooks [medium] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 1).
Rise of open-source, community-driven news AIs [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Risk & compliance management [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 3).

Willow Creek [medium] AI default small-town name.
Win in an AI-Driven Market [medium] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Win more listings [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Win the listing appointment with the right words [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).

Win-win situation [medium] Business-cliche AI leans on to signal mutual benefit.
Wine dinner seats are now open [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
wings of hope [medium] Abstract-on-abstract image.
Winners and losers: Real-world case studies [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Winners and nominees [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Wire automation begins [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Wire into automation [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Wired Hard 3 [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Wireframes & Structure [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
with a keen eye on [medium] Stock ornamental phrase AI uses to convey attentiveness.
with every breath / with every... [medium] A formulaic line-opener Suno uses to start verses ('with every breath, with every step'). It's syntactic scaff
With that being said [medium] Overused pivot phrase AI uses to switch direction.
With that in mind [medium] A connective that pretends prior context determines what follows; AI uses it as filler glue between sections,
With this in mind [medium] Filler transition AI uses to bridge paragraphs.
Without further ado [medium] Cliche filler phrase AI uses to move into the main content.
without missing a beat [medium] AI dialogue-tag cliche.
Women balancing travel and lifestyle [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Women in comics [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 2).
Women in Refrigerators (website) [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 2).
Women looking for empowerment [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Women seeking solo travel advice [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Women's fiction with romance [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
won't let them dim my light / dim my shine [medium] Self-as-light-source empowerment built on the same overused light/dark binary. 'My light/my shine' as identity
Wondel.ai sp. z o.o [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Woot!Deals and Shenanigans [medium] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Word bank (words we use vs. words we avoid) [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Word Choice (78) [medium] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 2).
Word choice changes [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Word choice suggestions for more precise language [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Word count sits between 150 and 250 words [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Word count target [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Word limits on lower-tier plans [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Word-based contract review and drafting [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
WordPress plugin for direct publishing [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Words and phrases that consistently perform better [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Words or phrases you avoid [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Words that make you sound smarter [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Words to avoid (and better swaps) [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Words to avoid in 2025 Workplaces [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
work hard, play hard [medium] Overused life-balance cliche AI defaults to; conveys nothing specific.
Work with Influencers and Partners [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
work with long docs, PDFs, meeting notes, reports [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Work, communicate, collaborate [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Work-life balance becomes a nostalgic memory [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Workflow automation and short-form marketing copy [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Workflow automation chains multiple copy tasks [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Workflow automation for end-to-end content creation [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Workflow automation for high-volume content needs [medium] Overused AI term catalogued from the 'poetry' census sweep (source count 1).
Workflow chaining, multi-language [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Workflow feature requires upfront setup investment [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Workflow optimization tips [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Workflow setup still requires dashboard [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Workflows require dashboard configuration [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
workflows, decisions, and interactions [medium] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Working instructions for Claude [medium] Overused AI term catalogued from the 'claude' census sweep (source count 8).
Working title (SEO-optimized) [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Workplace Stress and Burnout [medium] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Works across documentation types: API, ADR, runbook [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Works best with daily check-ins [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Works for Claude, Gemini, and any AI model [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Works inspired by J. R. R. Tolkien [medium] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Works on full novels — not just 500 words [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 2).
Works seamlessly without manual input [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Works well with [medium] Overused AI term catalogued from the 'claude' census sweep (source count 3).
Works with Claude, ChatGPT, and any AI tool [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Works with major dental PMSs [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Works with the agent stack you already run [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Workshops and Coaching [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
world of ashes [medium] Generic apocalyptic refrain used in AI metal songs.
World-Building Tropes Overview [medium] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Worldbuilding + romance, power dynamics [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
worth flagging [medium] AI hedge-flag; a human says 'just so you know' or 'FYI'.
Wrapped in your love [medium] A wrapping/cocoon comfort metaphor the model favors; 'wrapped in your love' is an over-trained intimacy image
Wrapping Up: Embrace AI for a Healthier, Happier You [medium] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Write 5 email subject lines for a pre-arrival email [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Write a birthday poem or greeting card verse cheaply [medium] Overused AI term catalogued from the 'poetry' census sweep (source count 1).
Write a blog post about smartphones in 2024 [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Write a clear meta description [medium] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Write a detailed 500-word essay [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Write a detailed prompt using the framework above [medium] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Write a follow-up email [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Write a market update [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).

Write a meta description (155 characters) [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Write a narrative about a joyful personal memory [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Write a poem inspired by a photo or artwork [medium] Overused AI term catalogued from the 'poetry' census sweep (source count 1).
Write a Poem With AI Without Losing Your Voice [medium] Overused AI term catalogued from the 'poetry' census sweep (source count 1).
Write a precise haiku or metered poem [medium] Overused AI term catalogued from the 'poetry' census sweep (source count 1).
Write a social media post about my listing [medium] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Write an extensive 5000-word analysis on a subject [medium] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Write better captions, faster [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Write case studies This is another test [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Write Clear Captions and Choose Good Hashtags [medium] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Write dialogue that reveals character under pressure [medium] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 1).
Write for Us [medium] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Write Heat Levels with AI [medium] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).

20-30% Entertaining [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
20-40 minutes [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
200-400 words [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
2000-Word Article [low] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
2024–2025 Data [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
21st century [low] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
24-Word Paraphraser [low] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
25-35 minutes [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
2–6 hours [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
3+ weeks [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
3-4 hours [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
3-5 min [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
3-5 minutes [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
30-40% Educational [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
30-45 minutes [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
30-60 minutes [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 2).
30-90 minutes [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
30-day trial [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
3000-Word Biography [low] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
32% higher [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
37% faster [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
37% lower [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
3h 22min [low] Overused AI term catalogued from the 'travel' census sweep (source count 1).
4-6 min [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
400-600 words [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
45-60 minutes [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
45-75 minutes [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
45-90 minutes [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
5% (host) [low] Overused AI term catalogued from the 'travel' census sweep (source count 1).
5-10 minutes [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
5-7 min [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
5-8 min [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
5-AI Bundle [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
50+ languages [low] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
50-100 words [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
500-Word Report [low] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
6-9 min [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
6-month recall [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).

60-90 minutes [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
7-day trial [low] Overused AI term catalogued from the 'social media' census sweep (source count 2).
700-word Summary [low] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
750-Word Article [low] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
8+ diets [low] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
80% automated [low] Overused AI term catalogued from the 'travel' census sweep (source count 1).
80% reduction [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
80-120 words [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
800-Word Composition [low] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
99% accuracy [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
a beat [low] 'a beat' as a pause stage-direction.
A client [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
a myriad of [low] AI's preferred ornate substitute for 'many'; the elevated register applied to plain counts is a small but reli
a number of [low] AI's vague quantifier; a human says 'some' or 'several'.
A spectrum of [low] 'A spectrum of' is an inflated AI phrasing for range/variety.
a treasure trove of [low] An inflating metaphor AI applies to ordinary collections of information; the stock decorative phrasing recurs
a wide array of / diverse array [low] Wikipedia's tourism cluster includes 'diverse array'. Padded quantifier AI uses instead of plain 'many'.
a wide range of [low] Filler quantifier LLMs use to gesture at breadth without specifics.
Abigail's Perspective [low] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
About wikiHow [low] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
absolutely essential [low] Redundant intensifier pairing AI uses to overstate importance.
Academic study [low] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Access options [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 2).
Access, cost [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Accidental travel [low] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Account filtering [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Accuracy accountability [low] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
accuracy check [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
ACE Certificate [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Achebe's Motivations [low] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Acknowledgment loops [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
across face [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
across room [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
across stone floor [low] Top repetitive n-gram in claude-3.7-sonnet output (slop-forensics).
act accordingly [low] Vacuous closing directive AI appends without concrete guidance.
Actionable takeaway [low] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Active buyers [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
ActiveCampaign AI [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).

Clinical-record-driven automation [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
close enough [low] Top repetitive n-gram in claude-3.7-sonnet output (slop-forensics).

close enough smell [low] Top repetitive n-gram in chatgpt-4o-latest output (slop-forensics).
Close-Enough Timeline [low] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Closed door [low] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
closed eyes [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
Closed-door romance [low] Overused AI term catalogued from the 'romance fiction' census sweep (source count 2).
Cloud, On-Premises [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
clung back throat [low] Top repetitive n-gram in Darkest-muse-v1 output (slop-forensics).
CoCounsel Core [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
CoCounsel Drafting [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
CoCounsel Essentials [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
CoCounsel Legal [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 3).
Coding support [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
cold as ice / heart of stone [low] Stock breakup similes named in pop-cliché discussion; AI reaches for them for any 'distant lover' theme. Dead
cold concrete [low] Adjective+noun stock pairing for urban hardness; 'cold' is the default temperature-emotion modifier the model
Cold outreach [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Collaborate internationally [low] Overused AI term catalogued from the 'academic' census sweep (source count 1).
Collaboration, teamwork [low] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
collaborative environment [low] Empty corporate phrasing AI reaches for to sound professional.
Collaborative filtering [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Colleen McCullough [low] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Colorectal cancer [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Combine AI and Human Creativity [low] Phrase frequently used in AI-generated content discussing AI limitations and augmentation
Coming soon [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Commercial agreements [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Common questions [low] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Community engagement [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Community review [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Community shoutouts [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Community spotlights [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Community-driven, slower [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Company milestones [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Company revenues [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Comparative analysis [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Comparison infographics [low] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Comparison table# [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
compelling case study [low] Top repetitive n-gram in glm-4.6 output (slop-forensics).
Competitive advantage [low] Overused AI term catalogued from the 'marketing' census sweep (source count 2).
Competitive pricing [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 3).
Competitor A [low] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Competitor analysis [low] Overused AI term catalogued from the 'social media' census sweep (source count 2).
Competitor B [low] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Competitor tracking [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Competitor X [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Competitor Y [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Complaint drafts [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Complete solution [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
completed projects [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
completed work [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Complex interface [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 3).
complex multifaceted [low] Top repetitive n-gram in llama-4-scout output (slop-forensics).
complex negotiations [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Complex pricing [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Complex setup [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 3).
compliance-heavy contracts [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Compounding returns [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Computer science [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Computer-assisted reporting [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 2).
Conditional automation [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Condo examples [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Confidence calibration [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Connected profiles [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Consensus read [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
consider your risk tolerance [low] Generic AI financial-advice disclaimer that sounds responsible but is vague boilerplate.
constant reminder [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
constraint restating [low] Reasoning models visibly re-assert requirements throughout. Recognizable, though low severity.
Constraint-Led Creativity [low] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Consumer Acceptance# [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Consumer AI [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Contact form [low] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Contact information [low] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Contact sales [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Contact segment [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Contact-based pricing [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 3).
content warning [low] Top repetitive n-gram in claude-3.5-haiku-20241022 output (slop-forensics).
content warning narrative [low] Top repetitive n-gram in claude-3.5-haiku-20241022 output (slop-forensics).
content warning passage [low] Top repetitive n-gram in claude-3.5-haiku-20241022 output (slop-forensics).
ContentStudio Inc [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Contests (4) [low] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 2).
Context switching [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).

Contextual misinterpretation [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Continue Experimenting [low] Generic AI-generated closing advice commonly used as placeholder guidance
Continue reading [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
continued fall washing [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
continues evolve [low] Top repetitive n-gram in gpt-4o-mini output (slop-forensics).
continuous improvement [low] Management-speak cliche AI defaults to in professional prose.
Contract commitments [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 3).
contract drafting [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
contract drafts [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
contract review [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 3).
Contract summary [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Contribute to [low] Vague AI hedging verb used to imply impact without specifics.
conversation redirected [low] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Conversation starters [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Conversational AI [low] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
conversion optimization [low] Overused AI term catalogued from the 'travel' census sweep (source count 1).
ConvertKit (Kit) [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 7).
Copies sold* [low] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Copula avoidance [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Copula avoidance (serves as / acts as / functions as instead [low] AI substitutes formal periphrasis for the plain copula ('serves as a wrapper' vs 'is a wrapper'), a recognizab
Copy editors [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Copy shortlink [low] Overused AI term catalogued from the 'poetry' census sweep (source count 4).
Copy-paste only [low] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Copy-Paste Prompts [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
CopyAI Inc [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Copyright 2025 [low] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Core components [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Core experience [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
cornfields / fields of gold [low] Default rural-scenery filler. AI paints generic agricultural backdrop (cornfields, wheat, 'fields of gold') to
corporate social responsibility [low] Top repetitive n-gram in gpt-4.1-nano output (slop-forensics).
Corpus type [low] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Cosmetic education [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Cost efficiency [low] Overused AI term catalogued from the 'marketing' census sweep (source count 2).
cost optimization [low] Corporate buzzphrase AI inserts to sound results-oriented.
Cost-Effective Alternative [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
could feel power [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
could feel weight [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
could find way [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
could help feel [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
could help notice [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
could help wonder [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
could shake feeling [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
count references [low] Top repetitive n-gram in mistral-nemo output (slop-forensics).
Court documents [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
court facing [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Court filings [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 2).
court opinions [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Court rules [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Covenant (2017) [low] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Cozy fantasy [low] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Create design [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).

Document summaries [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Document type [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
dog mom [low] Very common nurturing-personality signal in dating profiles; frequent AI-generated relatability filler.
Domain expertise [low] Corporate phrasing AI leans on for credibility framing.
don't forget to like and subscribe [low] AI YouTube-script boilerplate closer.
Don't get me wrong [low] Manufactured conversational hedge AI inserts to seem casual.
Don't panic [low] Documented Grok personality flourish (Hitchhiker's Guide inspiration) used as a playful opener; a soft tell.
Don't write [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Done-for-you setup [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
door clicks shut [low] Top repetitive n-gram in reka-flash-3:free output (slop-forensics).
door creaked open [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
door swung open [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
Double vanity [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Download EPUB [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 2).
Download PDF [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 2).
Download ZIP [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Doyal AS [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
draft capturing [low] Top repetitive n-gram in claude-3.5-haiku-20241022 output (slop-forensics).
Draft consistency [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Drafting quality [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Drafting-Only Tools [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Drag-and-drop editor [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 4).
Drag-and-drop grid [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
draw on [low] AI-favored phrasing for using experience or resources.
Dream home [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
dream kitchen [low] Vague aspirational descriptor used without concrete feature specifics.
Drill down [low] Corporate verb AI overuses for analysis framing.
driven decision making [low] Top repetitive n-gram in gpt-oss-20b output (slop-forensics).

Drones are [low] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Drop-In Nemesis [low] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
dropping conspiratorial whisper [low] Top repetitive n-gram in gemma-2-9b-it output (slop-forensics).
dry leaves skittering [low] Top repetitive n-gram in gemma-2-Ifable-9B output (slop-forensics).
due diligence [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 3).
Dungeon-crawl progression [low] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
dust motes danced [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
Dynamic environment [low] Vague corporate descriptor AI overuses.
e g [low] Top repetitive n-gram in gpt-oss-20b output (slop-forensics).
E-commerce features [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 2).
E-Commerce Roundups [low] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Early development [low] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Early history [low] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Early NLG [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
early th century [low] Top repetitive n-gram in grok-4-fast output (slop-forensics).
Easy task [low] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Ebook maker [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
echoed mind [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
Ecommerce automation [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Ecommerce personalization [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Ecommerce sequences [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Ecommerce stores [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
economic growth [low] Top repetitive n-gram in llama-4-scout output (slop-forensics).
Ecosystem commitment [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 3).
Edge AI [low] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Edited by [low] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Editorial access [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Editorial debate [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Editorial overhaul [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Editorial oversight [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 3).
Editorial planning [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Editorial standards [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Editorial-quality templates [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Educational posts [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Efficient analysis [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
elara said voice [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
Election returns [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
electric/magnetic touch [low] Stock 'instant chemistry' descriptor; AI uses 'electric'/'magnetic touch' to signal attraction without describ
Electronic typesetting [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
element tropes [low] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Eligibility guidelines [low] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
else something [low] Top repetitive n-gram in Darkest-muse-v1 output (slop-forensics).
Em-Dash Addiction [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Email announcement [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Email body [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Email copywriting [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Email correspondences [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Email design [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Email promises [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Email timing [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Email type [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 2).
Emerging technologies [low] Vague tech-trend phrase AI uses as filler.
Emotion-adaptive meditation [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Emotional connection [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Emotional flatline [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Emotional nuance [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Emotional resonance [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Emotional trends [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
emotionally charged [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Empirics Asia(empirics.asia) [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
EMPLOYEE RELATIONS [low] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
employment disputes [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
empower yourself [low] Vague empowerment phrasing common to AI wellness output, but also common in ordinary human self-help copy; wea
Empowering communities [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Empowering generations [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Empowering individuals [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Empowering others [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Empty-nester downsize [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
en Español [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Enable you to [low] Wordy construction AI prefers over 'let you'.
Enchanted forest [low] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
end end end [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
End-to-end [low] Overused corporate qualifier AI attaches to solutions.
End-to-end automation [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
End-to-end encryption [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
End-User Analysis [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
EndNote (tagged) [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Enforcement, consistency [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Engagement analytics [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Engagement rate [low] Overused AI term catalogued from the 'social media' census sweep (source count 2).
Engagement rates [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Engagement-aware scheduler [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).

Engaging guide [low] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Engineering-problem survival [low] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
English tutors [low] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Ensure that [low] Formal connective AI overuses in instructional prose.
Enterprise lifecycle [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Enterprise pricing [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Enterprise teams [low] Overused AI term catalogued from the 'social media' census sweep (source count 2).
Enterprise-grade analytics [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Enthusiastic, skeptical [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Epic poetry [low] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Epic world-building [low] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Epoch AI(epoch.ai) [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Error detection [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Error metric [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Error rate [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 7).
Escalation memo [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
essay delve [low] Top repetitive n-gram in mistral-nemo output (slop-forensics).
essay delve multifaceted [low] Top repetitive n-gram in gemini-2.5-flash-lite output (slop-forensics).
essay explore [low] Top repetitive n-gram in gemma-3-4b-it output (slop-forensics).
essay explores [low] Top repetitive n-gram in gpt-4o-mini output (slop-forensics).
Essentially / In essence [low] Filler that promises distillation but precedes shallow restatement; AI uses it to sound like it's simplifying
Est. Citations [low] Overused AI term catalogued from the 'academic' census sweep (source count 1).
Establish credibility [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Estate planning [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
et al [low] Top repetitive n-gram in mistral-nemo output (slop-forensics).
ethical considerations [low] AI's stock boilerplate section for any topic touching risk or fairness.
Ethical reasoning [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
ethically sensitive [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
EU publishers [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
euclid special containment [low] Top repetitive n-gram in claude-3.7-sonnet output (slop-forensics).
Event announcement [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Event management [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 2).
Events only [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 2).
ever seen [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
every heartbeat [low] AI loves equating heartbeat to the beat/bass for cheap body-music fusion imagery. Predictable and physiologica
every single day [low] Meter-filling intensifier that adds emphasis but no information; 'single' is pure padding, a hallmark of the m
Everyday headaches [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Everyone mourns [low] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Everything for [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Everything included [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
evidence based [low] Top repetitive n-gram in gpt-oss-20b output (slop-forensics).
Evidence summaries [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
evil twin [low] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Example excerpt [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Example phrases [low] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Example subject [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 3).
Excellent accuracy [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Excellent automation [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 3).
Excellent deliverability [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Excellent reporting [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 3).
Excellent writing [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Excessive structure [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Executive decision-making [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Executive summary [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
exhaled slowly [low] Top repetitive n-gram in chatgpt-4o-latest output (slop-forensics).
Exit conditions [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Exit criteria [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Expected impact [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Expensive per-location [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 2).
Experiential activations [low] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Experiment with Different Genres [low] Instructional pattern commonly appearing in AI-generated content about AI capabilities
Experiment with Unique Combinations [low] Instructional pattern common in AI-generated guides and tips
Expert guidance [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Expert Q&A [low] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Explainer videos [low] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Explore categories [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Explore first [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Export options [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
expression unreadable [low] Top repetitive n-gram in command-a output (slop-forensics).
extends far beyond [low] Top repetitive n-gram in gemma-3-4b-it output (slop-forensics).
Extensive integrations [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Extensive templates [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 2).
External only [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Extreme Close-Up [low] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Extremely comprehensive [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
eye contact [low] Top repetitive n-gram in gemini-2.5-pro-exp-03-25 output (slop-forensics).
eyes darting [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
eyes darting around [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
eyes filled [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
eyes filled mixture [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
eyes fixed [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
eyes gleaming [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
eyes glinting [low] Top repetitive n-gram in llama-3.1-8b-instruct output (slop-forensics).

eyes glinting amusement [low] Top repetitive n-gram in llama-3.2-3b-instruct output (slop-forensics).
eyes locked [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
eyes locked onto [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
eyes narrow [low] Top repetitive n-gram in claude-3.7-sonnet output (slop-forensics).
eyes narrowed [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
eyes narrowed mind [low] Top repetitive n-gram in llama-3.2-1b-instruct output (slop-forensics).
eyes narrowing [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
eyes never [low] Top repetitive n-gram in mistral-small-3.1-24b-instruct-2503 output (slop-forensics).
Eyes on the prize [low] Motivational idiom imported wholesale; AI uses 'eyes on the prize' as a focus cliché that reads as coaching-sp
eyes scanning [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
eyes scanning room [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
eyes seemed [low] Top repetitive n-gram in llama-3.2-1b-instruct output (slop-forensics).
eyes sparkling [low] Top repetitive n-gram in llama-3.1-405b-instruct output (slop-forensics).
eyes wide [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words

FitMate AI [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Fitness (4) [low] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 2).
Fitness journals [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Fixer-upper examples [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Flanagin A [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Flat fee [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Flat-rate unlimited [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
flicker something [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
flicker something akin [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
fluorescent lights [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
fluorescent lights hum [low] Top repetitive n-gram in reka-flash-3:free output (slop-forensics).
FLUX.2 Pro [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Flyer maker [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).

FLYR Hospitality [low] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Focus area [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Focus-to-distraction ratios [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Focuses on [low] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Fold-Spindle Mutilation [low] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
folk 2.0 [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Follow-Up Email [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Follow-up reminders [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Follow-Up Sequencing [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Foodpairing AI [low] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
For all intents and purposes [low] Common padding cliche AI uses to sound thorough without adding meaning.
For Fixer-Uppers [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
For what it's worth [low] AI's hedged-opinion frame; common in humans too but AI overuses it to soften.
Forbidden constructions [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Forecasting algorithms [low] Overused AI term catalogued from the 'travel' census sweep (source count 1).
foregone conclusion [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Fork 214 [low] Overused AI term catalogued from the 'claude' census sweep (source count 3).
Form completion [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Form support [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Form-specific notes [low] Overused AI term catalogued from the 'poetry' census sweep (source count 1).
Formatting notes [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Formatting preferences [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Formulaic challenges [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Formulaic, neutral-ish [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Fortune 500 [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
forward eyes [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
foster a sense of [low] 'Foster' + abstract noun ('a sense of community/belonging') is a recurring AI collocation flagged on slop list
Free plan [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 2).
Free tier [low] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
French tutors [low] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Frequent retraining [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
fresh perspectives [low] Vague value-add phrase AI uses to imply insight.
From A to B (alliterative scope sweep) [low] Sweeping 'from startups to enterprises, from novices to experts' ranges are a model device to imply total cove
frost / frost-covered / winter's chill [low] AI default for hardship/aging via season; winter imagery ('frost,' 'chill') is applied as mood-coding rather t
frozen in time [low] A complete stock idiom for suspended emotion/memory; AI inserts it whole as instant nostalgia, a sign of phras
Frozen in time / Time stood still [low] Default 'intense moment' device; freezing/stopping time is the model's go-to way to mark significance, recurri
FSD BETA [low] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Full access [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Full CRM [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 3).
Full outputs [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Full team [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Fully AI-powered [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Fully customizable [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Fully undetectable [low] Marketing claim used by AI humanizer tools, itself a formulaic hype phrase.
Fully-Embraced Fiend [low] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Fun fact: [low] AI trivia-framing tic.
Fundamentals section [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Future-narrative closers [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
G2 Rating [low] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Gadgeteer's House [low] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
gain deeper understanding [low] Top repetitive n-gram in llama-4-scout output (slop-forensics).
Gallery delivery [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
gasped in surprise [low] Redundant AI emotion beat ('gasp' already implies surprise); recurs as a filler reaction across scenes.
gaze fixed [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
gaze sweeping across [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
GCC Countries [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
GDPR compliance [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Gemini (Google) [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
General AI [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
General audience [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
General counsel [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
General only [low] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
General-purpose writing [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Generally precise [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Generally speaking [low] A vagueness-hedge AI prepends to avoid committing; it pairs with 'in many cases' and 'depending on the context
Generated Clichés [low] Overused AI term catalogued from the 'poetry' census sweep (source count 1).
generativ ai [low] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Generic conclusions [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Generic offers [low] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Genre studies [low] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Genre-Specific Overuse [low] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Genre: Thriller [low] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 1).
GEO lever [low] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Geographic farming [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
German tutors [low] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
gestured vaguely [low] Top repetitive n-gram in gemini-2.5-pro-exp-03-25 output (slop-forensics).
Get the ball rolling [low] Stock idiom LLMs lean on to signal starting an action.
Get updates [low] Overused AI term catalogued from the 'romance fiction' census sweep (source count 1).
Gets expensive [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 3).
Getting started [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
ghost smile [low] Top repetitive n-gram in gemma-2-Ifable-9B output (slop-forensics).

ghost smile touching [low] Top repetitive n-gram in gemma-2-Ifable-9B output (slop-forensics).
Ghost stories [low] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
Ghost story■ [low] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
GI Category [low] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
GIFT CARDS [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 4).
Given that [low] Overused reasoning connective that pads AI sentences.
glimmer hope [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
Global disruption [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
gloved hand [low] Top repetitive n-gram in deepseek-r1 output (slop-forensics).
Goal-setting content [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Going forward [low] Business filler transition common in AI wrap-ups.
golden hour [low] Instagram-era stock-photo phrase the model adopts as ready-made warm nostalgia; signals 'pretty light' with ze
golden ticket [low] Overused metaphor for an ideal opportunity or solution.
gon na [low] Top repetitive n-gram in qwq-32b output (slop-forensics).
Good analytics [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 3).
Good automation [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 3).
Good idea [low] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Good job! [low] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Good news [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Good question! [low] Overused AI term catalogued from the 'claude' census sweep (source count 9).
Good support [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 3).
Good thinking! [low] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
Google CCAI [low] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Google integration [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Google LLC [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Gordijn B [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Gorgeous templates [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
GoSystem Tax [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
got ta [low] Top repetitive n-gram in gemma-2-Ifable-9B output (slop-forensics).
Gothic fiction [low] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
governance framework [low] Corporate buzz-phrase AI overproduces in business writing.
Governmental APIs [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
GPT-4 Turbo [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Grammar (69) [low] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 2).
Grammarly AI [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
great bones [low] Stock euphemism for a property needing work; a recognizable listing cliche.
Great deliverability [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 5).
grievous error [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
grin spreading across [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
ground beneath feet [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
Growing adoption [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
growing sense [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
growing sense dread [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
growing sense unease [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
Guest-visit segmentation [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Habit systems [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Habitify AI [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Haiku 3.5 [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Haiku 4.5 [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
hair pulled back [low] Top repetitive n-gram in Gemma-3-Starshine-12B output (slop-forensics).
hairs back neck [low] Top repetitive n-gram in Darkest-muse-v1 output (slop-forensics).
Hallmark-style sweet [low] Overused AI term catalogued from the 'romance fiction' census sweep (source count 2).
Hallucinated facts [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
hand instinctively reaching [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
hands clasped behind [low] Top repetitive n-gram in chatgpt-4o-latest output (slop-forensics).
Hands-on planners [low] Overused AI term catalogued from the 'travel' census sweep (source count 1).
handyman special [low] Stock euphemistic marketing for fixer-uppers.
hard achievements [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Hard costs [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).

Protein (g) [low] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Prove value [low] Overused AI term catalogued from the 'travel' census sweep (source count 1).
Provides clarity [low] Overused AI term catalogued from the 'corporate' census sweep (source count 1).
provides shelter and hiding spots [low] Vision-model tic of appending unprompted functional analysis to a pure image description; distinctive enough t
Proview eReader [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
PS section [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
pseudo-medieval worlds [low] Overused AI term catalogued from the 'fantasy fiction' census sweep (source count 1).
psychological evaluation [low] Top repetitive n-gram in claude-3.5-haiku-20241022 output (slop-forensics).
Public awareness [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Public databases [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
public health [low] Top repetitive n-gram in gpt-4o-mini output (slop-forensics).
Public impact [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
public information [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Public trust [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Publication speed [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Publikation durchsuchen [low] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Publikation zitieren [low] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Publishers, blogs [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Pull up in the (drop-top / foreign) [low] Default 'arrival' flex line; AI uses 'pull up' + generic car as a stock entrance image, repeated across output
pulse hammered throat [low] Top repetitive n-gram in deepseek-chat-v3-0324 output (slop-forensics).
pulse roared ears [low] Top repetitive n-gram in reka-flash-3:free output (slop-forensics).
Punchy, direct [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).
Purkayastha S [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
QA Protocol [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Quadriceps (quads) [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
quality control [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Quantifiable self-improvement [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Quarter covered [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Questions ANSWERED [low] Overused AI term catalogued from the 'real estate' census sweep (source count 4).
Quick answer [low] Overused AI term catalogued from the 'romance fiction' census sweep (source count 5).
Quick demo [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Quick hits [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
QUICK LINKS [low] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Quick-Hit Numbers [low] Overused AI term catalogued from the 'fitness wellness' census sweep (source count 1).
Quite important [low] A vague intensifier phrase AI uses to assert significance weakly.
R.W. Day [low] Overused AI term catalogued from the 'scifi horror' census sweep (source count 1).
Radio reporting [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
rain continued fall [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
raise some hell [low] Generic rebellion phrase AI inserts into country lyrics; common enough to rate low.
Raise the bar [low] Overused motivational business idiom common in AI-generated marketing prose.
raised eyebrow [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
raised eyebrow skeptically [low] Top repetitive n-gram in gpt-4.5-preview output (slop-forensics).
raised hand [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
raised hand silencing [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
Rapid pace of development [low] Boilerplate AI framing about how fast a field moves.
rapid progress [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Rapidly developing [low] Overused AI term catalogued from the 'academic' census sweep (source count 1).
Rarely included [low] Overused AI term catalogued from the 'social media' census sweep (source count 1).

Rasmussen LM [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
Ratings& Reviews [low] Overused AI term catalogued from the 'marketing' census sweep (source count 1).
Reach (estimated) [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
reach eyes [low] Top repetitive n-gram in claude-3.5-haiku-20241022 output (slop-forensics).
reaching new heights [low] Generic aspirational idiom frequently produced by AI writing.
Read → [low] Overused AI term catalogued from the 'email copywriting' census sweep (source count 1).
Reader reaction [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Reader's Role [low] Overused AI term catalogued from the 'mystery thriller' census sweep (source count 1).
Reading time [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
Reading time5min [low] Overused AI term catalogued from the 'claude' census sweep (source count 1).
ready face [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
ready face whatever [low] Cross-model repetitive collocation (slop-forensics; stopwords stripped — words may appear with function words
Real estate-specific [low] Overused AI term catalogued from the 'real estate' census sweep (source count 1).
Real property [low] Overused AI term catalogued from the 'legal medical' census sweep (source count 1).
real time [low] Top repetitive n-gram in gpt-4.1-nano output (slop-forensics).
real time data [low] Top repetitive n-gram in gpt-oss-20b output (slop-forensics).
real world [low] Top repetitive n-gram in qwen3-30b-a3b-instruct-2507 output (slop-forensics).
Real-time (seconds) [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 2).
Real-Time Adjustments [low] Overused AI term catalogued from the 'recipe' census sweep (source count 1).
Real-time alerts [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Real-time audit [low] Overused AI term catalogued from the 'news journalism' census sweep (source count 1).
Real-Time Conversation [low] Overused AI term catalogued from the 'recipe' census sweep (source count 1).

eternity/destiny [high] AI clusters its prestige abstractions and rhymes them off each other ('our destiny / through eternity'). Two c
eyes/skies [high] Default visual cliché: AI maps 'eyes' to the only easy celestial rhyme, producing the universal 'eyes like the
feel/real [high] 'Keep it real' + 'how I feel' is the single most generic sincerity couplet; both words are pure abstraction. T
fight/light [high] AI's default coupling of the struggle ('fight') and hope ('light') tropes; the pairing recurs so often it betr
fire/desire [high] The fire/desire/higher/liar/inspire family is the model's default for passion across genres; in rap it produce
fire/higher [high] Couples the 'spit fire' brag with the 'rise higher' ascent arc, two of the model's most-reused motifs (rise/so
flame/name [high] Couples passion-metaphor ('flame') with the beloved's 'name' — AI's go-to for a yearning bridge ('whisper your
forever/never [high] AI traffics in absolutes; these two near-rhymed superlatives appear together constantly to signal eternal stak
forever/together [high] Three-syllable wedding-vow rhyme often completed by 'never'; AI's go-to for eternal-love choruses ('we'll be t
free/be [high] The laziest possible rhyme — two of the most common words in English — and AI's default empowerment-anthem clo

free/be/see/me [high] The '-ee' open-vowel cluster ('wanna be free / can't you see / here with me') is AI's easiest sing-along rhyme

game/name [high] The -ame family is the model's success vocabulary: 'in the game', 'rise to fame', 'make a name', 'bring the fl

glory/story [high] 'This is my story / rise to glory' is the model's default arc-summary couplet; both nouns are abstract triumph

grace / embrace [high] Both words are Suno-wiki-named clichés AND a default rhyme pair; the model reaches for 'grace/embrace' because

grind/mind [high] The grind theme cluster (grind/shine/time/mind) is an AI attractor; grind/mind pairs hustle-platitude with mot

grind/shine [high] Caps the grind-to-reward arc the model loves ('I grind so I can shine'); 'shine' is the LLM's default success

heart/apart [high] Cited alongside fire/desire as the archetypal exhausted rhyme. AI reaches for it because 'heart' is the most f

heart/part [high] The shortest, most generic member of the heart-family rhymes; flagged in pop-cliché lists for decades and now

heart/start [high] Twin of heart/apart for the 'new beginning' verse; AI reaches for it because 'start' is the easiest perfect rh

hold/cold [high] Touch-deprivation cliché ('no one to hold / the bed is cold'); AI maps the absence of an embrace to literal te

hustle/muscle [high] A perfect two-syllable rhyme that pairs the two flattest grind-rap nouns, so the model fuses 'I'm on my hustle

kiss/bliss [high] The default romantic-peak rhyme; 'bliss' is AI's top abstract-joy noun and exists in lyrics almost solely to r

love/above [high] A perfect-rhyme trap that forces unnatural celestial imagery ('sent from above') to justify it. AI takes the b

love/dove [high] A rhyme so notoriously hacky it's a punchline; AI still produces it because it's a perfect rhyme for the near-

money/honey [high] The most worn rap couplet in existence; an LLM reaches for it because it's the highest-probability rhyme for '

night/fight [high] The default metal/rock anthem rhyme; pairs the genre's two most generic nouns. Its appearance signals the AI r

night/light [high] The -ight family is the model's darkness-to-hope engine: 'through the night', 'see the light', 'win the fight'

night/light/sight/right/fight [high] The '-ight' family is the densest cheap-rhyme cluster in English; AI cycles through all five within a single s

pain/chain [high] Bridges the struggle-noun 'pain' to the flex-noun 'chain', letting the model pivot from hardship to wealth in

pain/gain [high] Direct lift of the gym proverb 'no pain no gain' into bars; the model treats 'pain' as the canonical struggle-

rain / pain [high] Weather-as-emotion is the model's go-to figurative move; pain/rain (plus 'sunshine after rain') is a sentiment

shadow/echo [high] Not a true rhyme but a paired-imagery tell; 'shadows' and 'echoes' are AI's two favorite atmosphere nouns (cal

sky / fly / high [high] The elevation rhyme cluster (sky/fly/high/why) that auto-assembles around 'soar' and 'rise'; its co-occurrence

sky/fly [high] The -y aspiration family (sky/fly/high/try/why) is a massive AI attractor shared with pop. 'Touch the sky', 'I

soul/control [high] Abstract-on-abstract rhyme with no concrete image; AI loves it because both words are emotionally weighty and

soul/whole [high] AI's single most predictable lyric rhyme: 'soul' resolves to 'whole' (made me whole / heart and soul). It's th

stay/way [high] Top '-ay' cluster pairing; 'find a way' plus 'please stay' are both AI filler phrases, so the rhyme writes its

streets/beats [high] Self-referential filler the model loves: 'from the streets' (authenticity claim) + 'on these beats' (meta rap-

strong/belong [high] Belonging-anthem default; AI rhymes resilience ('stay strong') with acceptance ('where I belong'), the backbon

survive/alive/thrive [high] The full survival cluster; AI stacks all three in resilience songs, a tell that it's chaining the densest moti

tears/fears [high] Stacks two abstract emotion nouns into a tidy perfect rhyme; appears in almost every AI vulnerability verse wi

tears/years [high] Pairs crying with the passage of time ('all these tears / wasted years'); cited in forums as narrowing imagery

time/rhyme [high] Self-referential filler where the lyric rhymes the word 'rhyme' to admit it needed a rhyme; AI uses it to pad

all/fall [medium] Community posts specifically cite the 'all/fall' loop as a repetition-heavy AI tell ('give it all / watch me f

alone/unknown/stone/home [medium] AI's isolation cluster ('all alone / the great unknown / heart of stone / find my way home'); stacks its favor

arms/harm [medium] AI's default 'safe in my arms / away from harm' protector rhyme; near-rhyme glue for a stock comfort sentiment

around/found [medium] Search-and-find love rhyme ('looked all around / then you I found'); the inverted syntax to land the rhyme ('t

baby/maybe/lately/crazy [medium] Named in songwriting-cliché lists (baby/lately); AI overuses 'baby' as a syllable-filler address term and slan

believe/leave [medium] AI's default 'I can't believe you'd leave' rhyme; pairs trust with abandonment, a tidy perfect rhyme deployed

block/glock [medium] A documented top collocate-rhyme in rap that the model reproduces as its default street-danger couplet; it pai

brain/insane [medium] Another -ain(e) family default; 'insane' is the model's catch-all intensifier for skill ('my flow is insane')

break/mistake [medium] Default regret rhyme for AI apology songs; multisyllabic and generic, fits any relationship without detail.

break/take [medium] Generic conflict rhyme ('heart you break / love I take'); AI pairs the two highest-frequency verbs that perfec

breathe/leave [medium] Slant rhyme for codependency lines ('can't breathe / when you leave'); AI equates a partner with oxygen as a s

cash/fast [medium] The -ast family welds wealth ('stack the cash') to speed/longevity ('live it fast', 'built to last'). 'Built t

chains/remains/veins/pains [medium] AI's default 'breaking chains / through my veins / what remains / numbing pains' cluster for intensity verses;

cold/gold [medium] Community-circulated 'lazy rhyme' canon (aggregated lore + elemental end-word bank: fire, light, rain, eyes, s

crazy/amazing [medium] AI's default 'you drive me crazy / you're so amazing' slant rhyme; two of its most overused emotion adjectives

crazy/baby [medium] Stock pop slant-rhyme leaning on the filler word 'baby'; AI uses it as an easy chorus couplet. The reliance on

crown/down [medium] 'Wear the crown / never back down' is a stock king-metaphor couplet; the model treats 'crown' as the default s

cry/high [medium] Community-circulated 'lazy rhyme' canon (aggregated lore + elemental end-word bank: fire, light, rain, eyes, s

cry/why [medium] Question-and-tears couplet ('all I do is cry / I don't know why'); AI pairs the rhetorical 'why' with crying t

day/away [medium] Generic '-ay' filler; AI cycles 'day/away/stay/way/play' within one song, a structural rhyme-cluster tell.

deep/keep [medium] Named in songwriting-cliché lists; AI's default 'love runs deep / forever keep' rhyme, two abstractions glued

die/high [medium] Community-circulated 'lazy rhyme' canon (aggregated lore + elemental end-word bank: fire, light, rain, eyes, s

die/sky [medium] Community-circulated 'lazy rhyme' canon (aggregated lore + elemental end-word bank: fire, light, rain, eyes, s

down/town/around/crown [medium] AI loops the '-own/-ound' cluster ('falling down / leaving town / spin around') for easy filler; the repetitiv

dream/scheme [medium] AI pairs ambition ('chase your dream') with a forced 'scheme' that rarely fits the positive tone; the awkward

dream/seem [medium] A vague, filler-laden rhyme ('not as easy as it seems') that AI deploys to pad verses without committing to im

dream/team [medium] Default hype/anthem rhyme; AI uses it for any 'us against the world' verse with no concrete imagery.

dreams/beams [medium] Community-circulated 'lazy rhyme' canon (aggregated lore + elemental end-word bank: fire, light, rain, eyes, s

dreams/seams [medium] Community-circulated 'lazy rhyme' canon (aggregated lore + elemental end-word bank: fire, light, rain, eyes, s

emotion/ocean [medium] Feelings-as-water cliché with a clean three-syllable rhyme; AI equates depth of emotion with an ocean so relia

essence/presence [medium] AI pairs two of its favorite content-free abstractions as a rhyme ('your essence / your presence'). Both are v

eyes/cries [medium] Combines the overused 'eyes' image noun with crying; a tight perfect rhyme AI grabs for any tearful verse.

eyes/disguise [medium] AI's go-to for any 'hidden truth' verse; 'disguise' is its top multisyllabic perfect rhyme for the omnipresent

flame/game [medium] Community-circulated 'lazy rhyme' canon (aggregated lore + elemental end-word bank: fire, light, rain, eyes, s

flow/glow [medium] The -ow family clusters meta-rap ('my flow') with growth-platitudes ('watch me grow', 'I glow'); 'glow up' and

forever/endeavor [medium] AI reaches for the unusually formal 'endeavor' to rhyme 'forever,' a register mismatch in a pop lyric that bet

free/me [medium] Default liberation rhyme; pairs the abstract 'free' with the self, no concrete cage or scene, pure AI uplift f

game/same/name/flame [medium] AI chains the '-ame' cluster ('play the game / feel the same / call my name / an eternal flame'); flagged in s

girl/world [medium] The model's go-to for 'you're my everything' choruses; one of the most overused rhymes in its output.

glow/flow/grow/know [medium] The long-'-ow' cluster is an AI filler goldmine ('let it flow / start to grow / now you know'); cycling severa

gold/soul [medium] Near/slant rhyme AI treats as perfect, used to assert worth ('heart of gold / ancient soul'); the pairing lean

grace/place/face [medium] -ace cluster common in generated worship/ballad lyrics ('amazing grace / a better place / see your face'); cha

hand/understand [medium] Comfort rhyme ('take my hand / I understand'); flagged in forums as a worn couplet, AI deploys it for any reas

hand/understand/stand/land [medium] AI chains the '-and' cluster ('take my hand / you understand / together we stand'); 'understand' is its top mu

heart/spark [medium] Spark-and-heart is a top-probability emotion rhyme; its mechanical recurrence signals rhyme-dictionary complet

high/sky [medium] Companion to sky/fly — 'reaching so high / touching the sky' is AI's elevation cliché. Two near-identical vowe

hold/gold [medium] 'Worth more than gold' is a generated-lyric staple; AI grabs 'gold' as its default value metaphor to rhyme 'ho

hold/old [medium] Default 'grow old together' rhyme; AI's most-produced aging-love couplet, generic and detail-free.

hood/good [medium] 'From the hood / turned out good' is a stock redemption couplet; the model uses 'the hood' as a generic origin

kiss/miss [medium] AI's default longing rhyme ('your kiss / how I miss'); two ultra-common words, no image, endlessly recyclable

knees/please [medium] Begging-posture rhyme ('down on my knees / baby please'); cited in forums among modern R&B/pop clichés, AI use

love/above (or dove) [medium] Explicitly cited in AI-cliché writeups: 'love' paired with 'above' or 'dove.' One of the oldest forced rhymes

mind/find [medium] Inner-search rhyme ('searching my mind / peace I can't find'); AI's default for a contemplative bridge. Both w

neon/dream [medium] AI pairs the cliché image 'neon' with the equally generic 'dream' because both are high-frequency and slant-rh

night/alright [medium] AI's stock reassurance rhyme; 'through the night / be alright' arrives as a pre-formed comforting couplet with

night/light/fight/right [medium] The '-ight' family (night/light/fight/right/alright/tonight) is the workhorse of AI empowerment choruses; sour

pain/again [medium] Slant rhyme AI treats as clean, used for cyclical-suffering lines ('here comes the pain / again and again'); t

power/hour [medium] 'Feel the power' + 'finest hour' (plus 'ivory tower', 'money shower') — the -ower family inflates ordinary bra

pride/inside [medium] Hidden-feeling rhyme ('swallow my pride / what's deep inside'); AI's default for vulnerability verses. 'Deep i

real/deal [medium] 'The real deal' is a frozen idiom the model unpacks across two rhyme positions; like real/feel it asserts legi

rise/eyes [medium] Empowerment-meets-imagery rhyme ('watch me rise / open your eyes'); AI's reflex for a triumphant turn. The 'op

rise/skies [medium] Default phoenix/uplift rhyme ('I will rise / to the skies'); AI's go-to triumphant-chorus pairing, abstract an

river/forever [medium] One of AI's most predictable country rhymes, jamming an eternal-love abstraction ('forever') against the genre

Saturday night/holy light [medium] AI reaches for the sin-and-salvation rhyme to sound thematically 'country.' The forced 'holy light' to rhyme '

sea/me [medium] AI rhymes vast water with the self for scale ('deep as the sea / a part of me'); like sea/free and sea/be, 'me

seams/beams [medium] Community-circulated 'lazy rhyme' canon (aggregated lore + elemental end-word bank: fire, light, rain, eyes, s

shadows/tomorrow [medium] A forced slant rhyme the model favors because 'shadows' (a top mood word) needs a partner; 'tomorrow/sorrow' g

shame/blame/game [medium] A three-way -ame cluster AI strings together in accusatory verses ('not my shame / take the blame / play your

shine/divine/define [medium] AI's radiance cluster ('let it shine / love divine / you define'); 'divine' is a register-spiking filler rhyme

sky/fly / sky's the limit [medium] sky/fly/high powers the model's aspiration choruses, and 'the sky's the limit' is the matching idiom. Forums f

sky/high / fly/high [medium] Default 'aspiration' rhyme that pulls in flight/soaring imagery. AI uses it for any uplift moment, so it signa

sorrow/tomorrow [medium] Despair-meets-hope rhyme ('drowning in sorrow / brighter tomorrow'); AI's formula for a verse-to-chorus mood p

soul/goal [medium] The -ole family is the model's introspection engine: 'deep in my soul', 'reach my goal', 'take control', 'make

streets/heat [medium] Pairs the authenticity claim 'the streets' with 'heat' (the model's PG-safe slang for a gun or for being 'hot'

strong/long [medium] Default empowerment-anthem rhyme ('stay strong / all along'); AI's go-to for motivational verses, generic and

strong/wrong [medium] The -ong family fuels resilience-platitudes: 'stay strong', 'all along', 'prove them wrong', 'where I belong'.

stronger/longer [medium] The default rhyme that powers 'made me stronger' empowerment choruses (stronger/longer/no longer). Its inevita

sun/one [medium] Devotion rhyme equating the beloved with the sun and 'the one' ('you're my sun / you're the one'); AI's stock

throne/own [medium] Continues the king/throne attractor; 'sit on the throne' + 'do my own' fuses royalty-flex with independence-pl

time/climb [medium] Default 'journey/struggle' rhyme; AI maps progress onto 'climb' reflexively, often with the cliché 'mountain t

time/grind [medium] Slant pairing inside the grind cluster ('it's my time' + 'on my grind'); both are motivational-poster phrases.

time/mine [medium] Default possession/longing rhyme; the model selects 'mine' as the top rhyme for 'time,' yielding the recurrent

town/down [medium] Community-circulated 'lazy rhyme' canon (aggregated lore + elemental end-word bank: fire, light, rain, eyes, s

trap/cap [medium] The model bolts two pieces of dictionary-acquired slang together ('in the trap' + 'no cap') because both are h

truck/luck [medium] Country-specific lazy rhyme: AI keeps the mandatory 'truck' token in the rhyme slot and reaches for 'luck'/'st

trust/dust [medium] 'Can't trust' + 'bite the dust' — the -ust family delivers the model's loyalty-and-betrayal theme in frozen id

war/more [medium] The -or(e) family pairs conflict ('ready for war') with ambition ('want more', 'open doors', 'settle the score

whiskey/misty [medium] A slant rhyme AI forces to keep 'whiskey' in the chorus, dragging in 'misty(-eyed)' emotion vocabulary. The pa

world/unfurled [medium] AI reaches for the archaic 'unfurled' to rhyme 'world,' a register spike in a pop lyric that exposes vocabular

years/fears [medium] Community-circulated 'lazy rhyme' canon (aggregated lore + elemental end-word bank: fire, light, rain, eyes, s

you and me / eternity [medium] Commitment rhyme that overreaches scale ('eternity') for a simple sentiment; AI grabs it because 'eternity' is

you/true [medium] Among the highest-probability rhymes in English; Suno's default for devotion lines, signaling no editing.

be/me [low] Community-circulated 'lazy rhyme' canon (aggregated lore + elemental end-word bank: fire, light, rain, eyes, s

be/see [low] Community-circulated 'lazy rhyme' canon (aggregated lore + elemental end-word bank: fire, light, rain, eyes, s

believe/receive [low] Community-circulated 'lazy rhyme' canon (aggregated lore + elemental end-word bank: fire, light, rain, eyes, s

chains/remains [low] Bondage-and-freedom rhyme ('break these chains / nothing remains'); AI reaches for 'chains' as the stock metap

electric/hectic [low] Forced multi-syllable rhyme AI reaches for to sound clever; the pairing is unnatural in real speech and expose

endless/relentless [low] AI pairs two '-less' intensity adjectives for faux-epic scale; both are vague magnitude words that exist to rh

free/see [low] Community-circulated 'lazy rhyme' canon (aggregated lore + elemental end-word bank: fire, light, rain, eyes, s

gold/untold [low] AI pairs 'gold' value imagery with 'stories untold' mystery filler; both are stock abstractions, producing pre

ground/sound [low] Self-referential music rhyme ('feet on the ground / feel the sound'); AI's default for a beat-drop or groundin

heartbeat/repeat [low] Dance-specific rhyme welding body-pulse imagery to the music; AI pairs them because both are high-frequency da

heaven/seven [low] AI grabs the awkward 'seven' to rhyme 'heaven' for lack of alternatives, often producing nonsensical lines — a

leave/receive [low] Community-circulated 'lazy rhyme' canon (aggregated lore + elemental end-word bank: fire, light, rain, eyes, s

see/me [low] Community-circulated 'lazy rhyme' canon (aggregated lore + elemental end-word bank: fire, light, rain, eyes, s

shadows/follows [low] Slant rhyme for haunted-past verses ('out of the shadows / something follows'); AI's go-to for ominous atmosph

sky/why [low] Skyward-questioning rhyme ('staring at the sky / asking God why'); AI's stock for an existential bridge. The u

tease/please/ease/breeze [low] AI's smooth-'-ease' cluster ('summer breeze / put your mind at ease / aim to please'); soft open-vowel rhymes

veins/flames [low] Body-as-fire slant rhyme ('fire in my veins / fanning the flames'); AI's go-to for visceral-passion lines, dou

young/done [low] Slant rhyme for youth-nostalgia verses ('when we were young / before it was done'); AI's default for a wistful

missing piece / completes me [medium] The 'you complete me' template; AI gravitates to it because it's the canonical way to express need, making the

missing specific product details [medium] AI reviews avoid naming concrete features, dimensions, or materials it has no experience of.

Mutable default arguments (items=[]) [medium] AI reproduces the classic Python mutable-default footgun that experienced devs avoid; concrete and checkable a

no typos, doubled letters, or keyboard slips [medium] AI text is free of the transpositions, doubled letters, missed spaces and autocorrect artifacts a human typist

Over-defensive nested guards for no real reason [medium] AI stacks redundant null/length/isinstance checks (if items is not None: if len>0: if items[0] is not None) wh

phoenix rebirth trope [medium] Whenever a prompt mentions recovery or comeback, AI reaches for the phoenix/ashes myth. It's an overdetermined

phoenix/wings/soar comeback imagery [medium] The model's default comeback imagery is flight — phoenix from ashes, spreading wings, learning to fly, soaring

Pray to God / thank the Most High (generic) [medium] Boilerplate gratitude-to-God beat dropped in to sound grounded; AI inserts safe, non-specific faith language a

raising my fist to the sky [medium] A stock gesture AI inserts as visual shorthand for defiance/triumph; the raised-fist image is a prefab body-po

Reaching for the stars / 'the sky's the limit' [medium] Ambition rendered as literal stargazing/sky-reaching is a default aspiration theme. 'Reach for the stars,' 'no

Rewriting my story / 'turning the page, new chapter' [medium] Life-as-a-book ('turn the page,' 'new chapter,' 'rewrite my story,' 'story unfolds') is a default reinvention

Riding for my team / squad / day ones [medium] Generic crew-loyalty beat invoking unnamed 'day ones/squad'; AI gestures at a tight crew it never individuates

rule of three enumeration [medium] GPT default to three-item lists and three-point summaries applied predictably across contexts

rule-of-three tricolon lists [medium] AI defaults to three-part parallel lists ('body, mind, and spirit'); frequent but also common in human rhetori

setting my soul on fire / heart ablaze [medium] Passion-as-literal-fire is an over-default; 'soul on fire / heart ablaze' is reached for whenever intensity is

Small-town escape / 'getting out of this town' [medium] A reflexive Americana/country-pop frame: the narrator must leave a dead-end town for the city/highway. The tow

Soulmate / 'two halves of one whole' [medium] The cosmic-destined-love theme ('made for each other,' 'two halves complete,' 'written in the stars') is a def

spelling out the moral [medium] AI stories disproportionately end by stating the lesson explicitly rather than trusting the reader; measurable

spitting bars / killing the mic self-reference [medium] The model fills space by rapping about rapping ('spit these bars', 'kill the mic', 'drop the verse', 'on the b

Standing in the rain / crying-in-the-storm catharsis [medium] Rain as externalized sorrow (standing in the rain, tears like rain, washed clean by the storm) is the model's

Star-crossed lovers / 'us against the world' [medium] The forbidden/embattled-romance frame ('they'll never tear us apart, it's you and me against everything') is a

straight apostrophe auto-converted in contractions [medium] Contractions render with the curly apostrophe (don\u2019t, it\u2019s) rather than the straight one a raw typis

Sun will rise again / 'after the rain comes the rainbow' [medium] Guaranteed-hope frames (sun rises, rainbow after rain, dawn after night, spring after winter) are the model's

Synonym carousel [medium] AI rotates near-synonyms (■■■■■■■■■/■■■■■■■■■■■■/■■■■■■■■■■■■; company/organization/enterprise) to dodge repetiti

tears (falling / crying) cluster [medium] The model defaults to literal tears/crying for any sadness ('tears fall like rain', 'crying in the dark'); the

the fire inside / flame that won't die out [medium] An inner 'fire/flame that never dies' is AI's reflexive symbol for unkillable determination; the elemental ima

the journey / this journey [medium] The model frames any topic as 'a journey'; this default narrative scaffold ('it's not the destination, it's th

the masks we wear / taking off the mask [medium] Hidden-self-as-mask is AI's default authenticity metaphor; 'take off the mask to show the real me' is a comple

They know my name now [medium] Generic recognition-as-success beat; AI asserts newfound fame ('they know my name') without a scene or moment,

tidy resolution of every thread [medium] AI closes narratives with clean solutions and guaranteed outcomes, avoiding the ambiguity real experience carr

Time as a thief / 'where did the time go' [medium] AI personifies time slipping away ('time keeps slipping,' 'years fly by like sand') as a default meditation-on

Title Case In Section Headers [medium] AI defaults to Title Case where nearly every word is capitalized in headings, departing from sentence-case nor

Top of the game / king of the throne [medium] Generic crown/throne supremacy imagery; AI reaches for monarchy metaphors as default dominance signaling, with

Toxic-love drama / 'we're poison but I can't leave' [medium] The 'you're bad for me but I crave you' frame is the model's default for adult heartbreak intensity. It stays

Trust no one / can't trust nobody [medium] Generic paranoia/loyalty trope with no betrayer named; AI asserts distrust as a mood without the specific snak

unbreakable / can't be broken [medium] AI's blunt resilience assertion; declaring oneself 'unbreakable' tells rather than shows toughness, a hallmark

uniform paragraph length and rhythm [medium] Low burstiness / mechanical uniformity is a genuine measurable AI structural tell.

unstoppable / nothing can stop me now [medium] A blunt declarative AI uses to cap empowerment songs; asserting 'unstoppable / nothing can stop me' tells domi

Venture into the unknown [medium] Grandiose adventure framing AI adds to make mundane topics feel epic.

Voice unheard / 'I'll scream until they hear me' [medium] Generic protest/defiance ('won't be silenced,' 'I'll make them hear my voice') is a default empowerment-rebell

walking through the fire / dancing in the flames [medium] Fire as a trial-to-survive is a top AI elemental default; 'walk through fire' arrives as an idiom-block signal

warrior / fighter (self-as-) [medium] Casting the narrator as a literal 'warrior/fighter' in a non-combat context is a default AI empowerment frame.

We are the ones / collective-uprising anthem [medium] The 'we are the dreamers/fighters/chosen, this is our time' crowd-anthem is a default mass-empowerment frame.

Wearing a mask / 'no one sees the real me' [medium] The hidden-pain-behind-a-smile theme is an AI default for portraying inner struggle. 'Mask,' 'smile to hide th

weather mirrors the character's emotion [medium] AI leans heavily on pathetic-fallacy environmental mirroring (sky darkens as dread rises); a specific, documen

weather-emotion mapping (storm/sunshine/rain) [medium] The model maps feelings onto weather by default — storms for hardship, sunshine after rain for relief, thunder

weathering the storm [medium] AI almost always renders hardship as literal weather (storm/rain/thunder) because it's the most generic, emoti

Wildfire / 'a love that burns out of control' [medium] Passion rendered as fire/flame/burn is the model's default intensity metaphor for love. 'Burning,' 'flames,' '

win the war within [medium] Internal conflict rendered as a literal 'war within' or 'battlefield in my mind'; the war metaphor is AI's def

y'all / ain't / dropped-g forced dialect [medium] AI sprinkles surface dialect markers ('y'all,' 'ain't,' dropped-g 'lovin'') unevenly to fake a country voice,

You're not alone / 'I'll be there for you' [medium] The reassurance ballad ('whenever you fall, I'll catch you, you're not alone') is a default AI comfort theme.

[redacted] (bureaucratic nominalization / [redacted] [medium] AI Russian converts verbs to noun-chains ([redacted] rather than [redacted]), the classic [redacted]

[redacted] [medium] Excessive sentence fragmentation for emphasis. Like. This. A structural rhythm tell in LLM Russian text

American-flag / red-white-and-blue patriotism tag [low] AI bolts on flag/freedom imagery to certify mainstream country identity. It arrives as a decorative value-sign

breaking the mold [low] AI's default nonconformity idiom; 'break the mold' asserts uniqueness via a worn phrase, ironically proving th

Dancing through the pain / 'we dance like nobody's watching' [low] Joy-as-defiance ('dance away the sorrow,' 'lose ourselves on the floor') is a default uplift-pop concept. The

exactly one space after every period [low] AI never double-spaces after periods and never leaves a stray double space; spacing is machine-perfect.

Excessive enthusiasm [low] Named AI tell describing unwarranted upbeat tone throughout a piece.

Faith / 'guardian angels watching over me' [low] AI defaults to soft, denomination-free spirituality (angels, the heavens, a guiding light) as comfort scaffold

Frozen / numb to the world [low] Emotional numbness rendered as cold/ice/frozen ('frozen inside,' 'numb to it all,' 'cold as stone') is a defau

Glow up / 'look at me now, I've changed' [low] The transformation-flex ('I've changed, I'm better, look at me now') is a default empowerment theme aimed at a

higher sentence-length variance [low] A real characterization of Claude prose rhythm; genuine and specific though subtle.

holding shields [low] Flagged by American Songwriter, songwriting blogs and Suno community discussion as a canonical AI uplift/empow

HR-friendly over-warm tone [low] Documented tonal mismatch: corporate-cheerful warmth inappropriate to formal context. Recognizable ChatGPT reg

internally consistent straight-OR-curly quotes (never mixed) [low] AI is perfectly consistent (all curly or all straight); humans mix straight and curly quotes within one text,

Last dance / 'one more night before goodbye' [low] The bittersweet-final-moment frame ('one last dance, one more night, before it all ends') is a default farewel

Light it up / set the stage on fire [low] Generic crowd/performance hype imagery; AI defaults to 'fire/lights/stage' performance clichés that describe t

lists of three [low] Formulaic tricolon description (three stacked adjectives or clauses) is a documented AI rhythm tell; kept but

oh-oh-oh / whoa-oh chant filler [low] AI pads hooks with vowel-chant placeholders when it has no lyric. In country generations these stand in for an

painting the sky with my colors / true colors [low] AI's stock self-expression image conflates identity with 'colors'; 'show my true colors' / 'paint the sky' is

perfect capitalization and terminal punctuation [low] Every sentence starts capitalized and ends with punctuation; no lowercase-i, no missing end marks a casual typ

perfect grammar with no contractions [low] AI tends to avoid contractions and fragments, producing uniformly formal prose where humans vary register.

second person 'you' with no real addressee [low] AI love/loss songs address an abstract 'you' that has no traits or history, because the model never invents a

silver lining in the clouds [low] A proverb-cliché AI deploys for forced optimism; quoting the idiom whole replaces any specific reason for hope

the journey of a thousand miles [low] A proverb AI quotes whole to frame effort; importing the famous maxim signals reliance on stored aphorisms rat

thematic breaks before headings [low] Decorative horizontal rules (---) inserted before section headings unnecessarily; a specific markdown-generati

Title Case Headings [low] AI capitalizes headings in Title Case ('How To Get Started'); casual human writing uses sentence case or lower

uniform double-newline paragraph spacing [low] AI separates every paragraph with an identical blank line; human drafts have irregular spacing.

TEMPLATE (1474)

'___ of the night' opener [high] 'In the dead of night' and its variants are instant Suno tells.

'a [soft/wry/knowing] [smile/glance]' [high] Warm adjective on a small physical action — AI fiction/roleplay fingerprint.

'a breath [he/she] didn't know [they] were holding' [high] Notorious Claude/AI fiction beat.

'a smile plays across their lips' [high] Stock AI-fiction facial beat.

'a testament to X' frame [high] The 'testament' formula generalized — catches inflected uses.

'break the chains' [high] Default freedom/liberation image.

'breath hitched / heart hammered / pulse quickened' [high] Stock AI physiological-reaction beats.

'chasing the ___' [high] 'Chasing ___' aspiration mad-lib; one of Suno's most repeated frames.

'dancing in/with the ___' [high] Archetypal generic Suno image ('dancing in the moonlight').

'feel it in my soul/bones' [high] Tell-don't-show emotion phrase.

'fire in my soul/veins' [high] Passion-as-fire-in-the-body cliché; fully generic.

'heart('s) on fire' [high] Dead-on-arrival passion image.

'in a world where' [high] Movie-trailer opener the model uses to set false stakes.

'in today's fast-paced/digital world' [high] The single most parodied AI essay opener.

'isn't merely... it's...' [high] Same elevation tic in negative form; classic LLM closing-paragraph move.

'it's important/worth to note' [high] Filler hedge that announces nothing; one of the strongest AI prose tells.

'it's not about X, it's about Y' [high] Pseudo-deep reframing template the model reaches for to manufacture insight.

'let's dive/delve into' [high] 'Dive/delve in' is a canonical ChatGPT transition.

'light in the dark(ness)' [high] Hope-in-darkness cliché.

'lost in the ___' [high] Default transcendence line with an interchangeable object.

'navigate the complexities/landscape' [high] 'Navigate' + abstract noun is a studied ChatGPT focal-word pattern.

'navigating [grief/complexity]' [high] 'Navigate' + abstraction — a studied ChatGPT focal pattern.

'never let you go' [high] Top-tier love-song filler.

'no longer a luxury' frame [high] 'X is no longer a luxury — it's a necessity' AI B2B formula.

'not just X, but Y' elevation [high] The signature AI inflation frame ('not just a tool, but a revolution'). Sets up a fake contrast to sound profo

'quirks an eyebrow' / 'tilts head' [high] AI roleplay body-language defaults.

'rise from the ashes' [high] The canonical AI resilience trope (phoenix/ashes).

'shiver(s) down [his/her] spine' [high] The single most parodied AI-fiction sensation beat.

'tears like rain' [high] Tears/rain simile is maximally overused.

'the architecture/geometry of [abstraction]' [high] Pretentious 'the [science] of [feeling]' — a strong AI essay/poetry tell.

'two hearts beat as one' [high] Union cliché.

'under the stars/moonlight' [high] Default romantic set-dressing.

'unlock the power/potential' [high] Marketing-AI staple; 'unlock' + abstract-noun is mode-collapse hype.

'what remains unspoken / what we carry' [high] Abstract 'what we carry' gravitas filler.

'with every ___' [high] Verse Nurse flags 'with every ___' as a top Suno mad-lib opener; the blank is filler.

A l'ere de [X] [high] Mechanical French temporal opener ('In the era of [X]'); calque of the English 'In the age of' cliche.

As someone who [credentials], I can confirm [high] AI fabricates lived-experience authority via a fill-in-the-blank credential claim.

blood / fire / death keyword cluster [high] Most common three-word cluster co-occurring in AI death metal lyrics.

bold-first bullets [high] Every list item begins with a bolded lead-in phrase followed by a colon; heavy Claude/ChatGPT markdown habit,

bracketed placeholder left in (e.g. [Name], [insert]) [high] A template placeholder the author forgot to fill — proof the text came from an AI/template, not hand-written.

burning [bridges/desire/fire/passion] [high] Fire imagery cluster overrepresented in AI lyric training data as a default metaphor.

ChatGPT turn0search / turn0news citation token [high] Internal source IDs (turn0search1, turn0news5) that ChatGPT's browsing tool emits around citations. They are m

checkmark / cross glyphs (✓ ✔ ■ ■) [high] Check/cross emoji-glyphs in text are an AI list/formatting habit; humans rarely type them inline.

Claude: 'I want to be direct / let me be honest' [high] Claude's signature framing move.

Collaborated with [X] to [enhance/improve/optimize] [Y] [high] Rigid AI resume-bullet template with a vague verb and no metrics; recurs verbatim across AI-generated resumes.

Comment X to receive Y [high] Explicit transaction engagement-bait pattern heavily produced by AI social copy; distinctive templated CTA.

contentReference[oaicite] citation artifact [high] ChatGPT web-search leaves a 'contentReference[oaicite:N]{index=N}' citation stub in its answer; if it survives

curly apostrophe / single quotes (‘ ’, U+2018/9) [high] Smart apostrophes/single quotes ('don\u2019t') come from AI/word-processors; a raw typist types the straight a

curly double quotes (“ ”, U+201C/D) [high] Smart/curly double quotes appear in AI and word-processor output; a human typing raw types straight quotes ".

Dans le paysage [X] de [high] Formulaic French 'In the [X] landscape of' framing device with placeholder; signature AI introduction.

endless [night/road/way] [high] AI repeatedly pairs 'endless' with time/journey nouns as a default intensifier.

Executed effective [X] strategies to [enhance/optimize/impro [high] Rigid AI resume-bullet template with padded adjective and vague outcome; recurs across generated resumes.

fading [light/away/memories/dreams] [high] Predictable AI phrase for loss/decline in generated lyrics.

false contrast (it's not just X, it's Y) [high] One of the most recognizable AI rhetorical templates; creates faux-insight.

From X to Y, [main statement] [high] The 'From X to Y' framing is a signature AI sentence template used to imply sweeping range.

Gemini: 'here's a breakdown / what you need to know' [high] Gemini's default list-dump opener.

guilt curdled in [noun] [high] DeepSeek R1 signature emotion-as-physical metaphor; 'curdled' as an emotional verb is distinctive and rare in

heart hammered against her ribs [high] Cardinal AI fiction tell; the 'heart hammered ribs' construction is massively overrepresented in model outputs

Here is the revised / rewritten version [high] Editing-handoff preamble the model prepends when returning a rewrite. If it appears in a finished piece, the a

Imagine a world where X [high] Mad-lib hypothetical opener AI uses to hook readers with an imagined scenario.

In an era where X [high] Fill-in-the-blank era opener that reliably flags AI-generated intros.

In the ever-changing world of X [high] Templated 'ever-changing world of [domain]' opener characteristic of AI writing.

It is not just about X, it is also about Y [high] Formulaic AI antithesis construction contrasting two ideas for false depth.

it's crucial to [high] Emphatic softener that introduces caveats; used systemically in AI writing to appear authoritative while hedgi

It's not just X. It's Y. [high] Signature AI rhetorical structure across all LLMs; overcorrects by presenting a false contrast as a revelation

It's not X, it's Y [high] Contrastive binary structure LLMs default to for perceived sophistication; distinctive multiword shape, not a

it's not X, it's Y / not just X but Y [high] Antithesis contrast frame that manufactures false profundity; measurably frequent in ChatGPT output.

knowledge-cutoff self-reference [high] The model narrating its own training boundary ('as of my last knowledge update', 'my training data goes up to

little did (he|she|they) know [high] Formulaic AI foreshadowing device signaling low-effort plotting; a strong narrative tell.

markdown bold in body text (text**)** [high] Double-asterisk bold is markdown; if it appears in a finished piece or a plain-text field the author pasted AI

markdown bold lead-in with colon (Word:**)** [high] AI's signature bolded-term-then-colon list item; a strong structural + typography tell.

markdown header hashes (## Heading) [high] Leading # header syntax in body text or a lyric field is un-rendered markdown pasted straight from AI.

markdown horizontal rule (--- / *)** [high] A markdown horizontal-rule line is un-rendered AI formatting pasted verbatim.

may help support / could reduce [benefit] [high] Conditional causation construction; asserts a claim while retaining plausible deniability via may/could hedgin

may your [noun] be filled with [adjective/noun] [high] Mad-lib greeting formula AI defaults to across occasions; the interchangeable slots are the tell.

naviguer dans [X] [high] AI-favored corporate 'navigate' metaphor used in place of a simpler verb, calqued from English

negative parallelism 'not X, but Y' [high] AI's signature rhetorical frame — defines a thing by what it isn't to sound profound.

Nicht nur X, sondern auch Y [high] German 'not just X, but also Y' — LLM-favored negative-parallelism structure mirrored across languages.

No es X, es Y [high] Spanish antithetical 'not X, but Y' contrast frame overused by AI to manufacture false dichotomies.

no real-time / cannot browse disclaimer [high] Assistant hedge about lacking live data or web access. Never something a human writer says about their own art

No X. No Y. Just Z. [high] The staccato triple 'No X. No Y. Just Z.' opener is a recognizable AI/LinkedIn hook pattern.

non solo X, ma anche Y [high] Stereotyped 'not only X, but also Y' construction overused by AI for artificial binary contrasts in Italian

non-breaking space (U+00A0) [high] A non-breaking space is invisible but only appears in copied HTML / AI output — a human keyboard produces a no

Not just X but Y [high] The 'not just X, but Y' escalation is a strong AI stylistic tell.

not X, but Y [high] AI's signature binary-contrast rhetorical structure; over-detected by anti-slop samplers as a hallmark of gene

one/a caveat: framing [high] Any 'caveat' framing is a strong AI meta-discourse tell; a casual human rarely labels a caveat as such.

Perplexity: 'According to a [year] report by' [high] Perplexity's formulaic citation attribution.

Perplexity: 'based on the search results / available informa [high] Perplexity/RAG answer-opener.

please do not hesitate to [high] Boilerplate customer-service AI closer; a human says 'just ask' or 'lmk'.

questo non è X, è Y [high] Repetitive 'this is not X, it is Y' correction/negation-parallelism formula characteristic of AI Italian

react with [emoji] if you love [X] [high] Specific react-bait template.

self-posed question, instant answer ('The result? Devastatin [high] Asks a tiny rhetorical question and answers it in one punchy word for fake drama.

should you have any questions [high] Ultra-formal AI service register; a human says 'any questions, ask'.

The [noun] has revolutionized the way we [verb] [high] Formulaic AI tech-hype sentence template.

the ever-evolving landscape of [high] Lazy AI filler framing used to introduce topics; strong tell especially at section openings.

The problem isn't X. It's Y [high] A signature AI reframe that dismisses one thing to spotlight another.

The question isn't X. The question is Y [high] A formulaic AI reframe that redirects the reader's attention.

The secret that [industry] doesn't want you to know: [high] A clickbait AI hook that manufactures conspiracy and exclusivity.

This [tool/approach] is a game changer for [high] Formulaic hype template AI leans on to introduce tools or methods.

This isn't a tactics problem. It's a positioning problem [high] Instance of the AI negation-reframe formula swapping X for Y.

This isn't a X. It's a Y [high] Signature AI negation-reframe template used for dramatic contrast.

triadic abstract list ('the grief, the silence, the forgetti [high] Three abstract nouns as 'the X, the Y, the Z' — a top AI-poetry tic.

triadic negation 'No X. No Y. Just Z.' [high] Punchy negative-parallelism the model loves for taglines.

truly novel / highly innovative / completely unique [high] Intensifier + hype-adjective stacking; distinctive gratuitous-embellishment pattern.

Understanding [topic] is essential for [high] Mad-lib sentence stem AI uses to open explanatory sections.

Whether X or Y, [main statement] [high] 'Whether X or Y' is a formulaic AI hedging opener that manufactures false balance.

Whether you're a X or Y [high] Mad-lib inclusive opener AI uses to address every reader at once.

While X, Y is also important [high] Symmetric balancing construction; a conspicuously formulaic GPT structural habit

Worked with [department] to enhance [X] [high] Predictable AI resume template pairing a vague verb with a metric-free outcome.

X is not just A, but B [high] The 'not just A but B' escalation template is one of the strongest AI-writing tells.

you light up my [world/heart/night] [high] Near-verbatim training-data love-song formula appearing with identical structure across AI songs.

you raise a good/important point [high] Sycophantic assistant acknowledgment; a human says 'true' or 'fair'.

■■ ■■■■■■ X, ■ Y [high] Russian negative-parallelism formula ('not just a tool, but a partner'); the direct RU analogue of the English

… (ellipsis character, U+2026) [high] AI/word-processor output uses the single ellipsis glyph; a human typing in a plain field types three periods '

■■■■1■■■■■2 [high] Repetitive explicit numbered-step scaffolding; AI defaults to formulaic step-by-step frameworks lacking natura

■■■...■■■■■■ [high] Cliché academic-intro opener ('in recent years... has attracted wide attention') signaling AI-generated introd

'(there is) a particular kind of' [medium] Essayistic throat-clearing opener.
'a mixture/mix of [x] and [y]' [medium] AI's default way to describe an expression/emotion.
'And honestly? X' beat [medium] Faux-candid pivot both Claude and 4o over-use in casual register.
'at the end of the day' [medium] Dead-metaphor summarizer.
'deep inside/within (my soul)' [medium] Interiority padding the model adds to inflate a line.
'drowning in ___' [medium] Overwrought emotion-as-water cliché.
'Enter: X' dramatic introduction [medium] AI product/character introduction beat.
'for a (long) moment' [medium] Temporal hedge that signals 'feel something here'.
'grow/bloom through the cracks/concrete' [medium] Resilience-through-adversity nature image.
'here's the thing/kicker' [medium] Faux-conversational pivot the model inserts for rhythm.
'hold me close/tight' [medium] Default intimacy request.
'imagine a [x] where [y]' [medium] Hypothetical-world opener.
'In a world where X' opener [medium] Trailer-voice opener.
'in the quiet/silence/dark' as a place [medium] Absence-as-setting; AI loves naming negative space.
'isn't going anywhere' closer [medium] 'X isn't going anywhere' AI trend-conclusion.
'It's less about X and more about Y' [medium] AI insight-reframe scaffold.
'just [breathe/stay/be]' closer [medium] Minimalist closing line for cheap emotional weight.
'living rent-free in [my] head' [medium] Worn-out internet phrase.
'more than just' [medium] Lead-in to the elevation frame; high-frequency AI hype connective.
'not because X, but because Y' [medium] AI motive-reframe parallelism (antislop-documented family).
'set the night/world on fire' [medium] Generic party/passion hyperbole.
'sit with (this feeling/the discomfort)' [medium] Therapy-register AI phrase.
'something about (the way)' opener [medium] Hedged-mystery opener.
'somewhere between [x] and [y]' [medium] Liminal-positioning cliché.
'take it to the next level' [medium] Empty escalation cliché.
'The goal? / bottom line?' self-answer [medium] Tiny rhetorical question answered instantly — marketing-AI tic.
'the kind of [noun] that [verb]' [medium] Vague-specific framing that sounds insightful while committing to nothing.
'the only thing that mattered' [medium] AI emotional-absolutism beat.
'the way [x] [does something]' opener [medium] Reverent 'the way light falls / silence holds' opener — pure mood, no content.
'Think X, but for Y' analogy frame [medium] AI startup-pitch analogy formula.
'What makes X special isn't Y' [medium] AI differentiation scaffold.
'whether you're a... or a...' [medium] Fake-inclusive audience hedge; pads without committing.
'X. Full stop.' emphasis [medium] AI hard-stop emphasis beat.
(absolutely|definitely|truly) (recommend|love|amazing) [medium] Intensifier-plus-evaluative pattern repeats across AI reviews as formulaic sentiment injection.
(c) Build a 6–9 item outline with descriptive H2/H3s [medium] Overused AI term catalogued from the 'claude' census sweep (source count 1).
(everyone|anyone) (needs?|is looking for|wants?) [medium] Hypothetical-audience targeting pattern common in AI testimonials.
